About this event...

We all need time - time to dream dreams and have renewed vision. When was the last time you had opportunity to dream and imagine what could be?

Research has shown that as we approach the decade mark in our ministry, a time of reflection and refocus is often needed. The sparks of newness have faded and the finish line seems far off. Issues of mid-life begin to creep in. The Centre offers this event for those in their 8th, 9th or 10th year of pastoral ministry or in the midst of their mid-life years.

Come and experience time with colleagues, consider your journey and equip yourself to continue with renewed vitality and self-awareness!

Event Facilitator

Andrew Irvine is the Director of the Centre for Clergy Care and Congregational Health. Andrew also teaches Pastoral Theology at Knox College. Andrew's interests include issues of leadership and pastoral ministry, the well-being of clergy, congregational studies and small church ministry.
