

IBM SPSS Statistics for Mac Installation

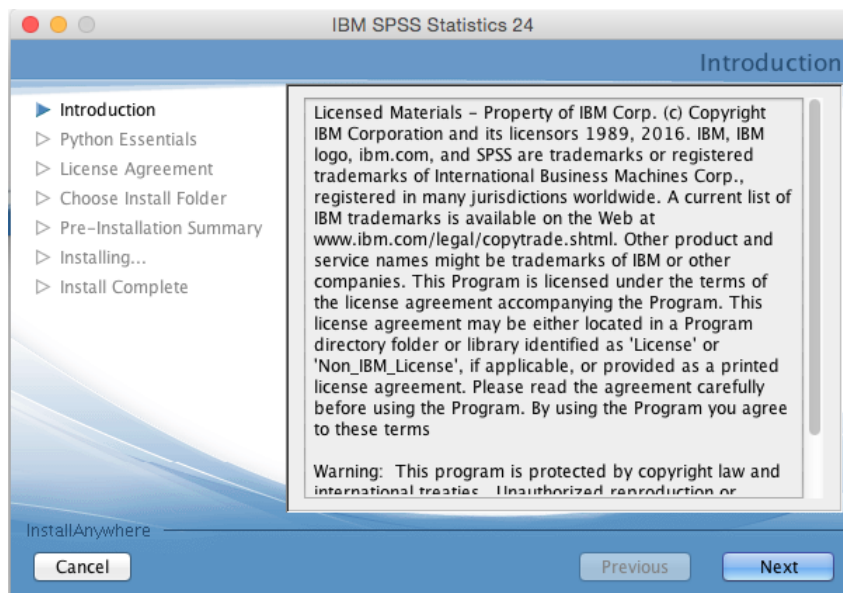

1. Make sure that your computer is **connected to the Internet**. This is required to authorize your license.
2. If you have purchased a CD, **insert it into your disk drive**. If you have purchased online, **download the Mac installation file** to your computer's local hard drive.
3. Double-click the downloaded IBM SPSS Statistics disk image (.dmg) file.
4. Inside the disk image, **right-click the SPSS_Statistics_Installer icon** and select **Open**. You may be prompted for your Mac OS X administrator password.

5. In the IBM SPSS Statistics installer window, **click OK** to start the installation process.

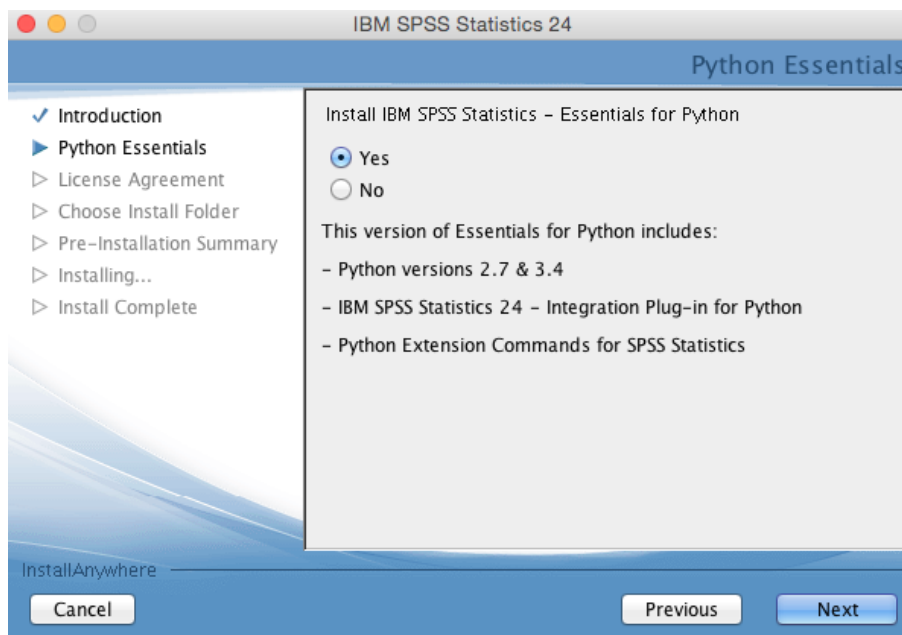

6. On the Introduction screen, click **Next**.

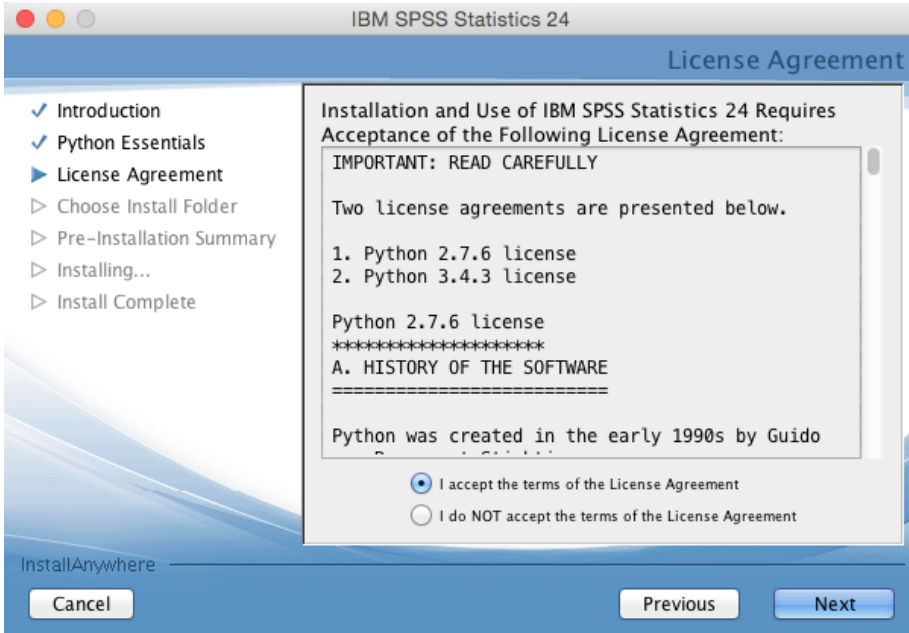

7. Read and **Accept the terms** in the **Software License Agreement** window and click **Next**.

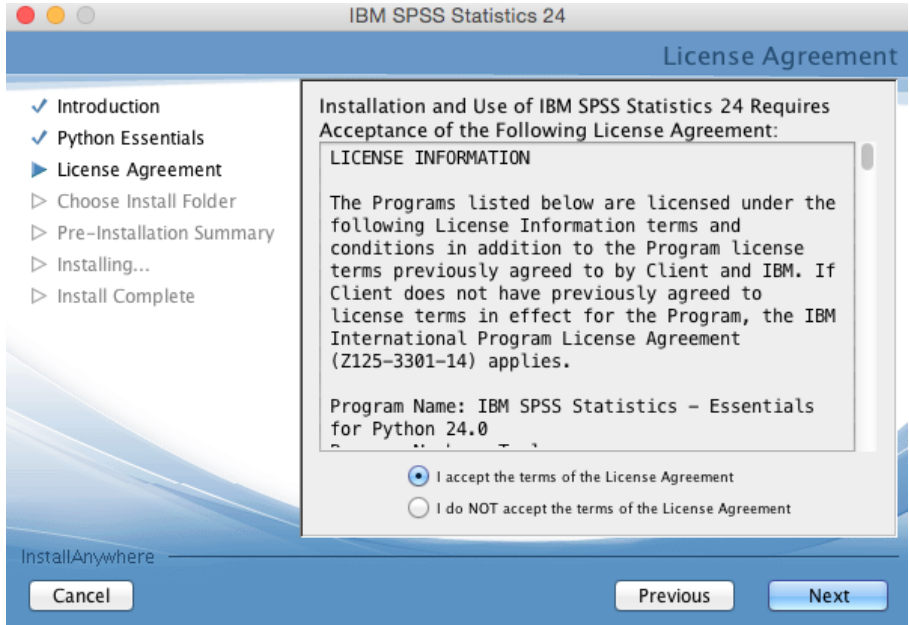

8. When asked to install IBM SPSS Statistics – Essentials for Python, select **Yes** and click **Next**.

9. Read and Accept the terms in the license agreement and click Next

10. Read and Accept the terms in the license agreement and click Next.

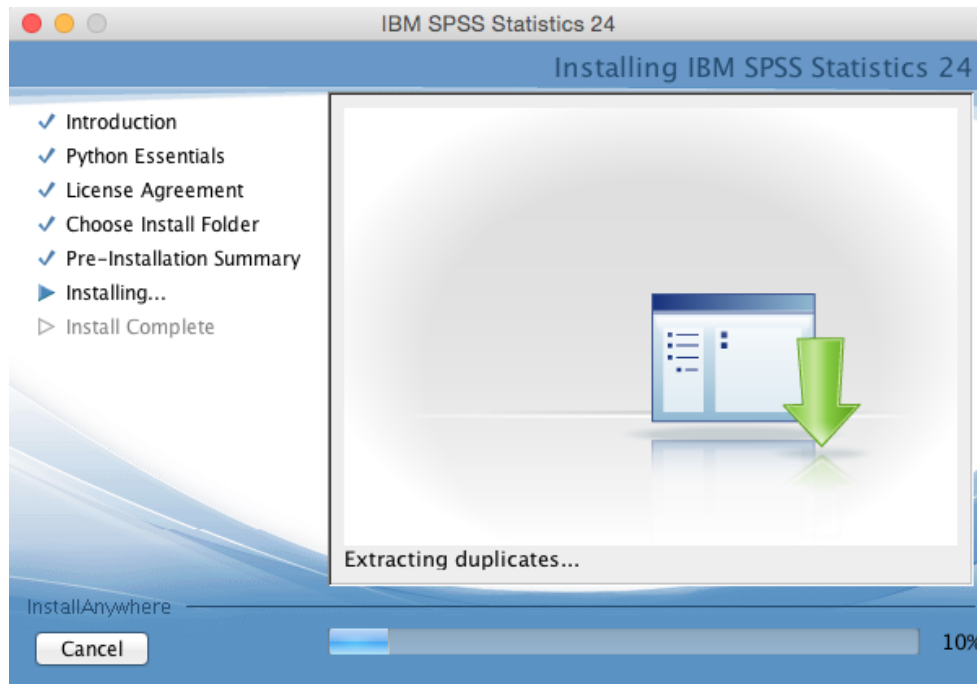

11. On the **Choose Install Folder** window, select or create a folder to hold the installation. We strongly recommend that you choose the default location. Click Next.

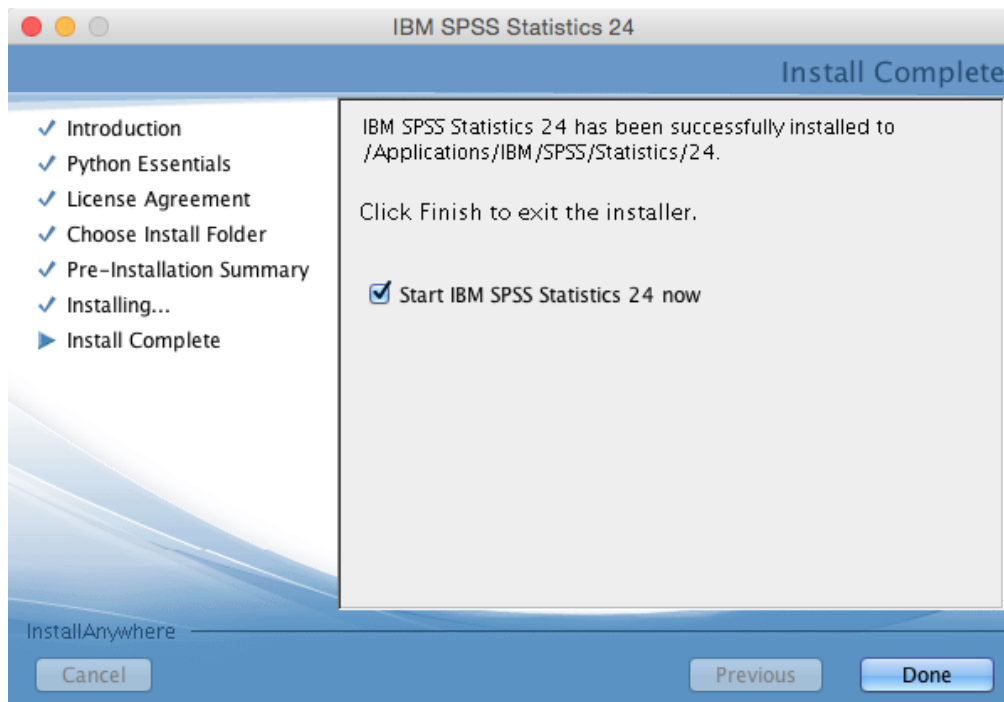

12. On the Pre-Installation Summary screen, review the options you chose and click **Install**. The installer will run for several minutes.

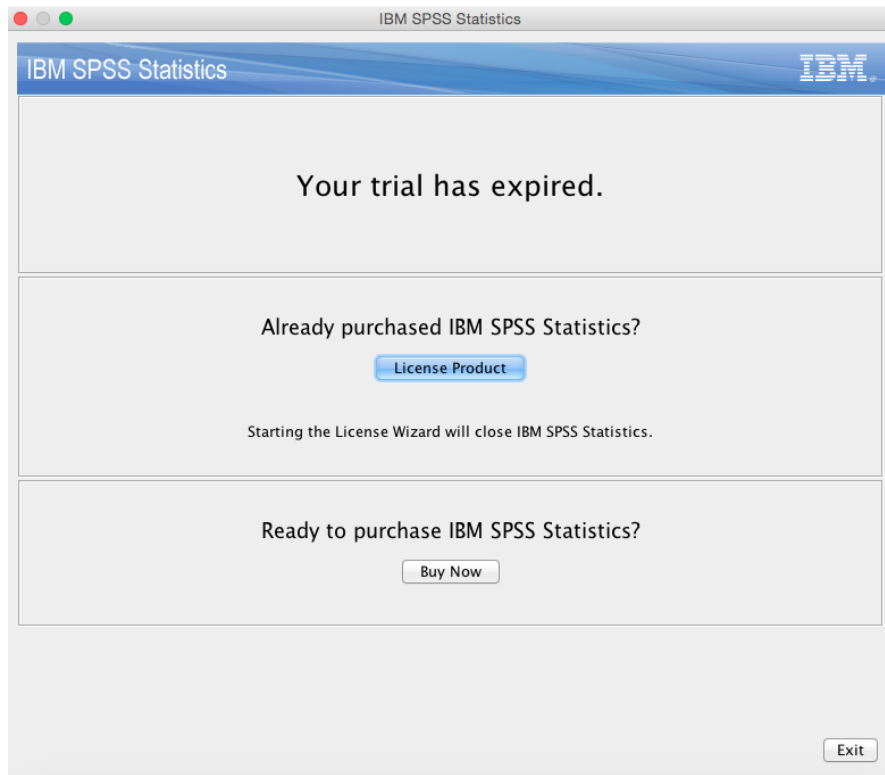

Wait for SPSS to complete installation. This process will take between 1 to 10 minutes depending on the speed of your workstation and whether the installation is being performed from DVD or digital download

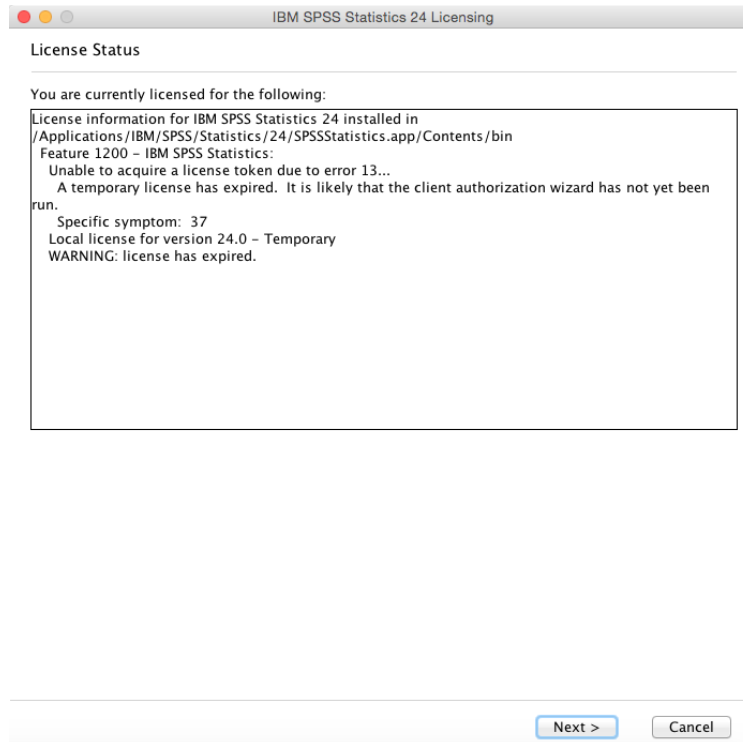

13. To start IBMS SPSS Statistics and activate the license leave **Start IBM SPSS Statistics 24 now** checked and click **Done**.

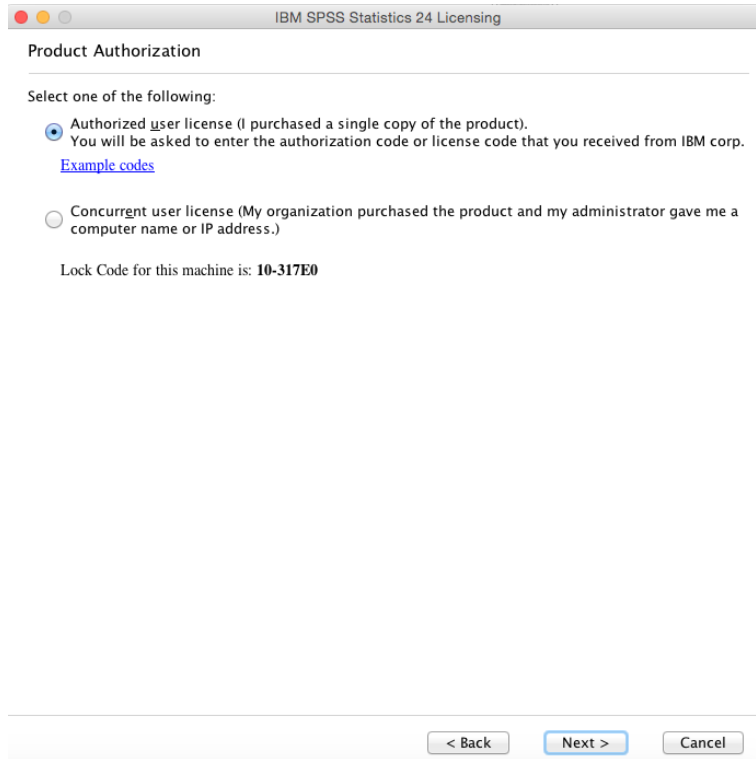

15. The program will now launch the activation window. Select **License Product** under Already purchased IBM SPSS Statistics?

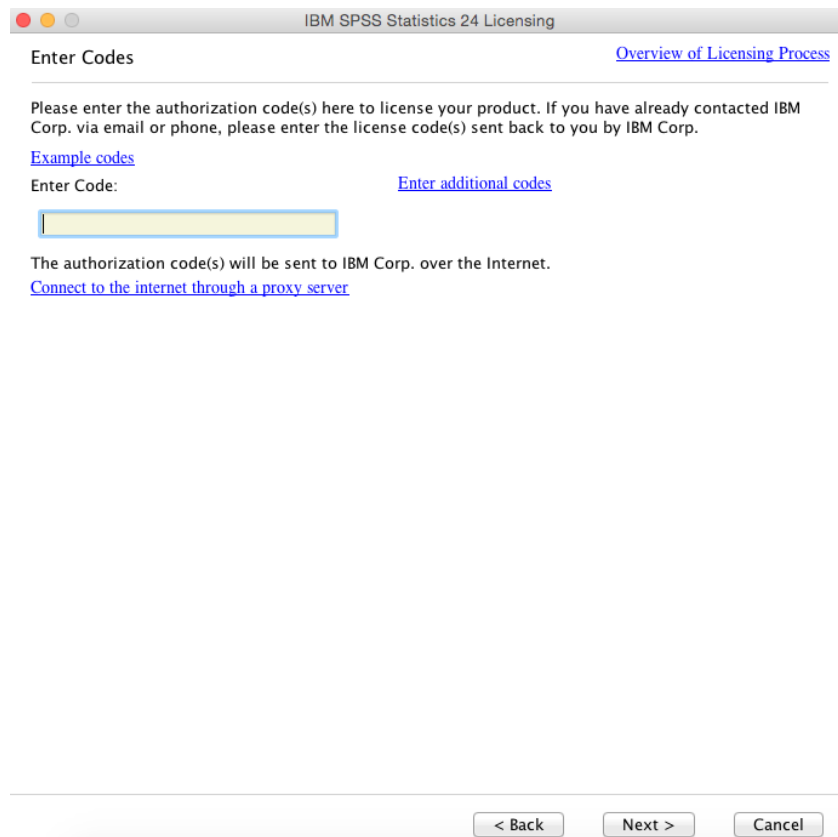

16. On the License Status window click **Next**.

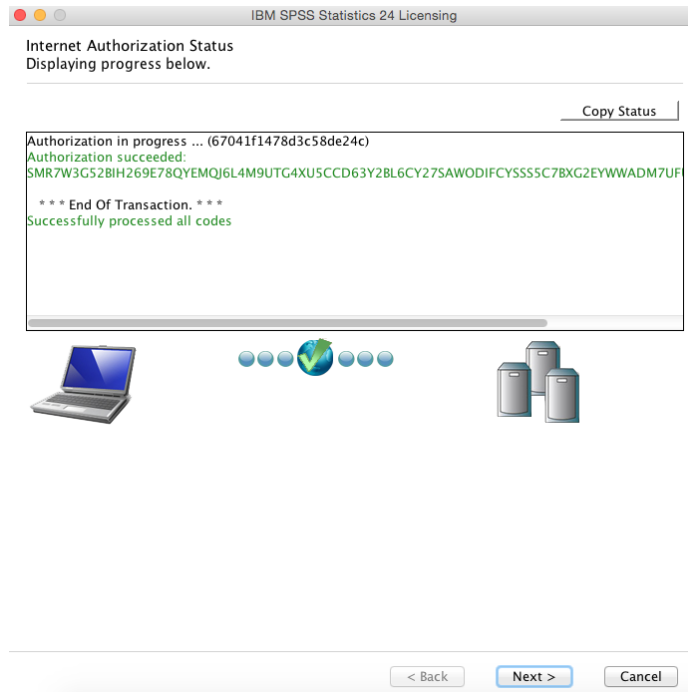

17. On the Product Authorization windows select **Authorized user license** and click **Next**.

18. Enter the Authorization code provided and click Next.

19. If successful, the installer should report "**Successfully processed all codes**". Click Next.

20. Click **Finish**. You have now completed the installation and license the authorization of your new SPSS software
