

## IBM SPSS Statistics for Mac Renewal Installation

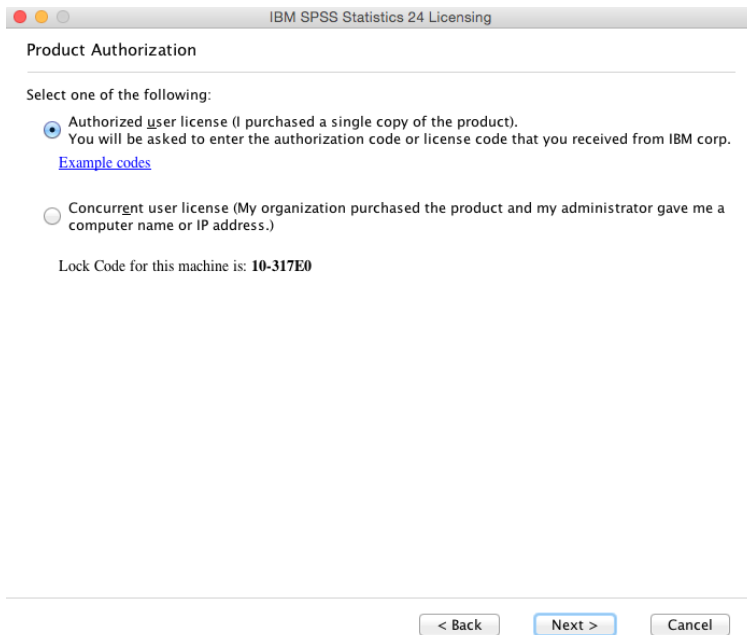

1. Use the search function on your Mac (top right hand corner) and type in **“SPSS”** or **“SPSS Statistics License Authorization Wizard”**. Launch the SPSS Statistics License Authorization Wizard.

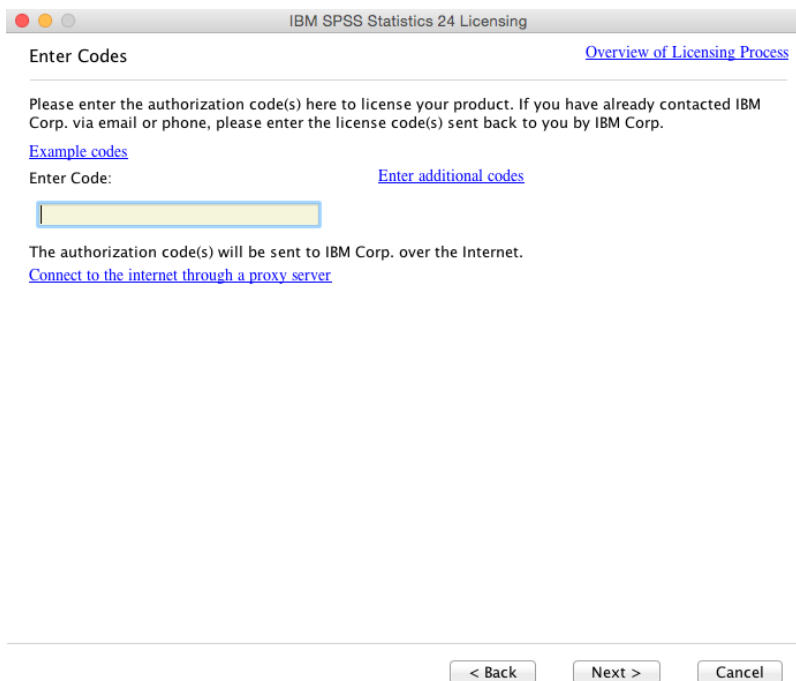

2. The license status window will appear. Click **Next**.

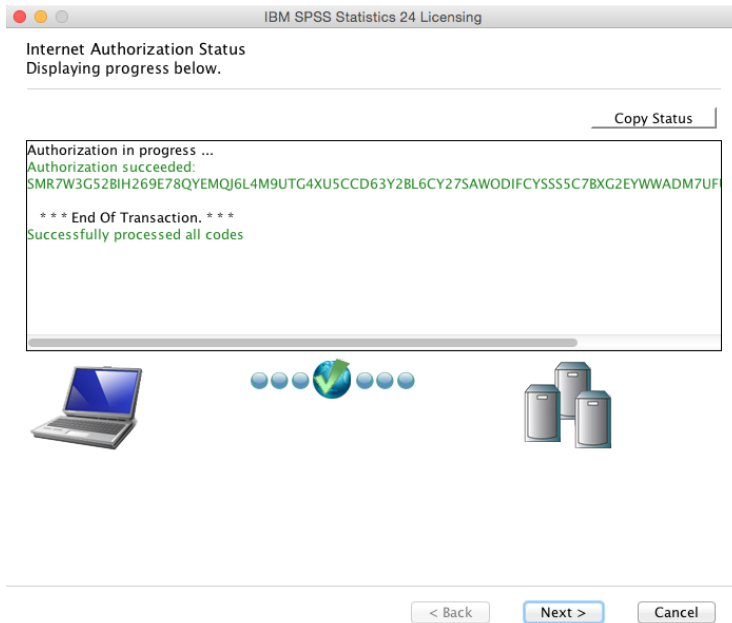

3. Select **Authorized user license** then click **Next**.

4. An internet connection is required before clicking next. Enter you 20 digit authorization code in the box and click **Next**.

- An authorized succeeded screen will now appear. Click **Next**. If not, please check your internet connection and 20 digit code and go back to step 1.

- The licensing completed screen will display the expiry date of the license. There is a 30 day grace period after this date.
