A: Words and Music: Leonard Cohen

Leonard Cohen is one of the great literary and musical figures in Canadian history. From his affecting and skillful early poetry and novels to his stunning and enduring music, Leonard Cohen's work continues to fascinate. Two years after his death at 82, his work is as relevant as ever. His keen observations and impassioned writing and composing still resonate today. Cohen is best remembered for iconic musical compositions like "Hallelujah" and "Suzanne," songs that could only be written by him. He possessed a distinctive writing voice as unique as his hypnotic baritone singing voice. In this ten-week course, Dr. Mike Daley tells the incredible life story of Leonard Cohen in detail, using the best available research. Mike will select some of Cohen's best poetic, prose and lyric work for deeper discussion, but we won't forget about his playing and his laconic vocal delivery. □ No class Monday, February 18, 2019 for Reading Week
