INTRODUCTION

Boundless Opportunities

When you choose the University of Toronto, your opportunities become Boundless. Whether you're considering what to study or how to get involved in student life, an unparalleled array of choices awaits you.

Over a long and proud history, we've pushed the limits of knowledge and innovation. What began in 1827 as a small college has evolved into a globally recognized research and teaching powerhouse, consistently ranking among the world's top universities. The University of Toronto has educated hundreds of thousands of outstanding individuals who have made Boundless impacts in every aspect of life.

U of T is located in the heart of the Greater Toronto Area, known for its extraordinary variety of things to see and do and its multicultural diversity.

The city continues to draw the best and the brightest, who come seeking world-class business, culture and education in one of the safest places in North America.

Whether it's inside or outside the classroom, U of T offers you a dynamic student life with more than

a thousand organizations and Boundless choices to explore - athletic teams, arts and culture, academic associations, and community involvement.

We've also created a very special experience for students embarking on their studies. Our First-Year Foundations: The *One* Programs for arts, science and business students offer dynamic, for-credit learning experiences in small-group environments that build community and foster critical skills and creativity. First-year seminar courses, with no more than 24 students each, allow you to get deeply engaged with your studies and your peers. Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success.

Possibilities at U of T are also Boundless when it comes to research opportunities, professional experience, Co-op and international learning.

It's no surprise Newsweek Magazine named us one of the top three universities in the world outside the United States.

Each of our three campuses offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, get ready to change your future and the world. You'll be a student at a university with global prestige - a great place to learn how to ask challenging questions, to think fearlessly, and to go beyond the boundaries of conventional thought. In a world with more complexities and fewer borders, we need Boundless thinkers to lead the next generation. Your University of Toronto degree will give you the skills you need to thrive.

Give us your enthusiasm, your dedication and four years of your time, and we'll give you the foundation you need to make your mark on the world.

Be BOUNDLESS.

BOUNDLESS OPPORTUNITIES

INTRODUCTION

Think outside the classroom

Play ultimate frisbee, join the debate team, learn Urdu, get involved with Engineers Without Borders or organize a blood drive as part of the Red Cross Youth Group.

Amy Goertz, South Asian Studies and Peace & Conflict Studies student; spends her time exploring nationalism and conflict in post-colonial South Asian states; domestically, volunteers at the Centre for Women & Trans People.

Nirvan Hulangamuwa, Mathematics specializing in Actuarial Science; moved to Toronto from Sri Lanka with a 5th Kyu in Karate and badminton and cricket swings to be reckoned with; watch for him at Blues try-outs.

At U of T, exceptional students become extraordinary people by seeking to develop their minds, bodies and spirits. Choose from more than 1,000 student organizations, athletic teams and academic associations – or create your own.

BRING US YOUR INTERESTS. WE'LL MAKE THEM YOUR PASSIONS.

Kristen Faccio, Engineering Science student specializing in Aerospace; catch her at Hart House belly dancing or acting in Skule™ Nite; she volunteers as a math and science tutor in her (not so) spare time between grad school applications.

King's College Circle ca. 1850s: the iconic space that serves as the rite of passage for all U of T graduates; surrounded by University College, Convocation Hall, Knox College, the Medical Sciences Building and Gerstein Library.

UNIVERSITY LIFE

Boundless opportunities for learning inside and outside the classroom

Follow your passions, make new friends, learn a new skill. It's all part of the world of opportunity you'll encounter at U of T.

The more energy you invest in your U of T experience, the greater the rewards you'll reap. That's why we give you thousands of things to be passionate about.

STUDENT CLUBS

U of T's student clubs reflect the pluralism of our community and the full spectrum of passions shared among our students, covering such diverse interests as Argentinean Tango and badminton (plus more than 450 other groups). To give you a glimpse of the range: Students for World Literacy, Arts, Culture and Media Student Association, Game Design and Development Club, Global Investment in Viable Entrepreneurship, Fo'Real Hip Hop Dance Crew, LGBTQOUT and the Culinary Arts Club.

CAMPUS MINDS

U of T's size and reputation also enable the University to bring hundreds of prominent speakers to campus. Over the years, Martin Luther King, Jr., Noam Chomsky, Jane Goodall, the Dalai Lama, Michael Ignatieff and Stephen Lewis, to name just a few, have captivated students.

FESTIVITIES

Just like its home cities, the University of Toronto knows how to celebrate. Annual

The Country Wife, Erindale Studio Theatre

traditions include: Envirofest, which celebrates and encourages environmental activism at U of T through a 'teach-in' and relevant film screenings; Celebration of the Arts, a dynamic, interactive festival of creative work across all three campuses; and Winterfest, also a tri-campus week of parties, films, concerts and more to ward off the January blahs. Other favourites include Engineering's annual comedy show, Skule™ Nite, University College's annual Follies, U of T Scarborough's annual Cultural Mosaic, U of T Mississauga Pub Nights, and Victoria College's The Bob, a rowdy, often raunchy, satirical revue. First staged in 1874, The Bob is Canada's longest-running sketch comedy show.

LEADERSHIP DEVELOPMENT AT U OF T

A leader is not necessarily the person who holds a formal leadership position: it is someone who engages in a process of working collaboratively with others towards a common purpose.

The University of Toronto has a long tradition of graduating civic and organizational leaders. Across all faculties, colleges and campuses, we offer numerous opportunities for students to develop and hone the knowledge and skills necessary to catalyze contributions of significance, including the Personal Leadership Workshop Series, Group Leadership Workshop Series, Organizational Development Workshops and Civic

UTSC Recreation Centre

Engagement. These formalized programs provide students with skills they can put into practice immediately through one of the thousands of opportunities offered by U of T's governance and student groups.

The University of Toronto is committed to providing a safe space free of verbal and physical violence for all its members.

10,000+

Number of students who participate in intramural sports.

THREE CAMPUSES

1 university, 3 singular experiences

The University of Toronto is committed to providing learning opportunities that match the diverse needs of students. Each of our three campuses offers different learning environments, experiences and recreational opportunities for its students.

U OF T MISSISSAUGA

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada's 6th largest city, U of T Mississauga is approximately 27 km from Toronto city centre and directly accessible by U of T shuttle bus and public transit.

U of T Mississauga's unique educational programs include: Canada's premier forensic science degree program; a Department of Language Studies that delivers courses in ten languages; two business degree options (BCom, BBA); Teacher Education; and joint programs with Sheridan College in Art and Art History; Theatre and Drama; Communication, Culture, Information and Technology. It is also home to one of the academies of U of T's Faculty of Medicine.

The University has strong ties with the City of Mississauga as well as its residents, which leads to learning opportunities throughout the city, from government to business to arts.

U OF T ST. GEORGE

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University's aspiration to continue graduating leaders who can and will make significant contributions to the world.

U of T St. George's location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five first entry undergraduate faculties: Arts & Science (including seven colleges); Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, and Design as well as the professional faculties call U of T St. George their home. Students across each discipline have a role to play, both inside and outside the classroom.

U OF T SCARBOROUGH

UTSC students get a head start on their futures through U of T's only co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within UTSC's close-knit community, students can create one-of-a-kind learning experiences.

Our Bachelor of Business Administration is one of Canada's most competitive undergraduate management programs and we offer the only International Business program at U of T. You'll find traditional programs in the arts and sciences along with specialized programs such as Global Asia Studies, Mental Health Studies, City Studies, International Development Studies, and Biodiversity, Ecology & Evolution.

UTSC's dynamic and growing campus is surrounded by parklands and at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects including the Toronto Pan Am Aquatics and Sports Centre – a world-class fitness and training centre that will open in 2014.

THREE CAMPUSES

Toronto/GTA: A place of neighbourhoods

The City of Toronto's official motto is "Diversity Our Strength," which speaks both to the essence of the Greater Toronto Area and to its residents.

Toronto is the best of all worlds. The city has, at its very core, exceptional diversity: nearly half of Toronto's 2.8 million residents were born outside Canada. Our city's living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various neighbourhoods of

Mississauga; in the research centres throughout the city; in the museums and galleries, literary, music and film festivals that take place throughout the year; and in the numerous educational institutions, of which U of T is a leader.

CELEBRATIONS

The city knows how to throw a party. Annual traditions include: the Toronto

International Film Festival, which brings 240 hours of movies and parties to the city every September; Nuit Blanche, an all-night outdoors art exploration; Caribana Carnival, the largest North American festival of Caribbean music, dance and artisanship; North by Northeast (NXNE) Music Festival, a showcase of more than 1,000 indie bands over three nights; Toronto Downtown Jazz Festival, which infuses Yorkville with cool jazz on warm nights; and one of the largest Pride Week celebrations in North America.

TRANSIT

Each campus is well connected and accessible to the GTA by public transit. Toronto's transit system (TTC) is fast, clean and reliable. Subways, buses, streetcars

and light rail provide frequent and comprehensive access across the region. U of T also offers direct shuttle bus service between U of T Mississauga and U of T St. George. U of T Mississauga students receive a Mississauga Transit travel pass valid from September through April.

If you prefer self-propelled transportation, you'll love this city of cyclists, with its bike lanes and ubiquitous ring-on-a-stick 'parking' spots.

“The most culturally mixed city on the continent truly is one of Earth’s closest approximations of urban paradise... And newcomers do not take these institutions for granted. They have a stake in seeing them last. They can and do make them stronger.”

- Will Wilkinson, political essayist

Toronto has almost as many nicknames as it does neighbourhoods, and each carries the story of an era: today's nicknames are "T.O." (tee-oh) and "T-dot".

10,000

Theatrical performances in Toronto's 90 theatres annually, making the city the third-largest English language theatre destination in the world, after New York and London.

1,200

Stores and restaurants in the PATH, North America's largest continuous underground network. With 27 km of walkway, PATH also connects 50 office towers, five subway stations, six major hotels and Union Station.

20,371

Intersections in the City of Toronto (among 10,033 streets).

MISSISSAUGA

Just west of Toronto, Mississauga is Canada's sixth largest city. It mixes urban, suburban and natural living. Marvel at the engineering wonder of the Absolute Towers, 50- and 56-storey towers that torque 180 degrees. Stroll along the 13 km waterfront of Lake Ontario. Catch a pro athletic game at the Hershey Centre. Grab a performance or exhibition at the Living Arts Centre.

THE ANNEX

The St. George campus is nestled beside the Annex, a century-old neighbourhood known as much for its intellectual and cultural offerings as for its maple-lined, one-way streets and grand Victorian homes. It is also within walking distance of numerous international communities and Queen Street.

INTERNATIONAL VILLAGES

All situated close to the St. George campus, you can buy fresh ginger at the Chinatown street market, listen to Fado in Little Portugal, or watch the World Cup at an espresso café in Little Italy. India, Korea and all other curves of the globe are represented, creating Toronto's mosaic that includes numerous communities united by a distinct culture, yet an integral part of the city's overall personality.

QUEEN STREET

Toronto's cool factor is evident along Queen Street West and area. A short distance from the St. George campus, vintage clothing shops and vendors selling handmade jewelry coexist with stores offering the freshest from local indie designers. The wide sidewalks are bustling with patios in warm weather, and you never know when the Rolling Stones will announce a surprise show at the El Mocambo.

SCARBOROUGH

Located in the eastern part of Toronto, Scarborough showcases some of the city's most popular and intriguing landmarks. The Scarborough Bluffs are 14 km/60 m of earthen cliff shoreline along Lake Ontario. Rouge Park is Canada's first urban national park. The Toronto Zoo is the world's third largest zoo, renowned for its education and conservation activities. Accessible by public transit, the area is Toronto's greenest, and is also one of the most diverse and multicultural neighbourhoods in the city.

WHY U OF T ST. GEORGE?

Established over 180 years ago and integrated into the heart of downtown Toronto, U of T St. George is the largest and most urban of U of T's three campuses. A thriving mix of century-old architecture and urban innovation, the St. George campus includes five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide

steps from some of Toronto's most vibrant and eclectic neighbourhoods. So, while there are plenty of places to study and chill out on campus, it's easy to check out the city's arts, culture, sports and nightlife.

RESIDENCES

Your home away from home might be in one of the seven colleges: Innis, New, St. Michael's, Trinity, University, Victoria

range of professional and graduate programs. Each of the seven colleges has its own residences, dining halls and study spaces, giving students the advantage of combining small school surroundings with the experience of attending a large university. Across the campus, you'll discover amazing spaces in which to work and play.

COMMUNITY

U of T St. George provides an extensive range of student services, from career and academic supports to counselling and health care to student housing services and beyond. More than 400 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics, giving you the chance to take your learning beyond the classroom. And, you are just

and Woodsworth, or at Chestnut Residence. Each offers a variety of room styles. Dormitory-style residences feature single and double rooms with communal dining areas. Shared apartment-style residences are primarily single rooms available as same-gender or co-ed with shared kitchen, living area and washrooms. The shared historic houses on campus feature single and double rooms.

Living on campus provides you with a live-in support network of Resident Assistants, or Dons, as well as close proximity to classes, study areas and the Athletic Centre. The U of T Housing Services office is the place to get information about on- and off-campus housing. For more information, visit www.uoft.me/housingservices.

RESOURCES

Life and learning on the St. George campus takes place at many diverse and innovative landmarks across campus. Thumb through dusty treasures in the 1970s larger-than-life Robarts Library or conduct some cyber-sleuthing at the Citizen Lab. Exercise your flair for drama at the Hart House Theatre, where Donald Sutherland was once a student actor. You will have access to some of the world's leading minds in art, political science, philosophy, engineering, science, drama and music. After all, nine Nobel Laureates have taught, or were students themselves, on this very campus.

“Green” innovation meets a stimulating research environment at U of T Mississauga

WHY U OF T MISSISSAUGA?

U of T Mississauga offers you all the benefits of a U of T education with the rewards of studying at a small, intimate campus. Here, you will find undergraduate and graduate programs in humanities, social sciences, sciences, business, teacher education, forensic science, and fine arts that are taught by renowned experts in their fields. At U of T Mississauga, you are surrounded by 225 acres of protected green space, while the urban bustle of Toronto city centre is just 27 km away.

COMMUNITY

Community is the essence of U of T Mississauga. It is a place where debate is encouraged and diversity of people and opinions is embraced. U of T Mississauga is known as a small and friendly campus where getting involved in student life is easy. Our Student Centre is home to more than 50 student groups and clubs. Here, you can participate in arts, science, social, political and cultural events, creative exhibits, film screenings and concerts.

RESIDENCES

All new students are placed in fully-furnished single rooms and share a bathroom with one other student. Each residence is equipped with study lounges, common lounges and laundry facilities. All first-year students living on campus are part of rezONE, the first program of its kind

RESOURCES

Your U of T Mississauga experience takes place across award-winning facilities, including the Hazel McCallion Academic Learning Centre, the innovative and advanced library and information complex; the Recreation, Athletics and Wellness Centre (RAWC), a state-of-the-art fitness

facility; the Erindale Studio Theatre; the Terrence Donnelly Health Sciences Complex; and new instructional centre. U of T Mississauga students have access to a number of student support services such as academic coaching through the

Academic Skills Centre; medical services at the Health Service and Counselling Centre; career counselling at the Career Centre; special needs support through the AccessAbility Resource Centre; support for international students; and a range of transition programs for first-year students.

The autonomous campus paper, The Medium, began in 1969 as the Erindalian and was later known as Medium II to signify the second medium on campus after radio.

Formerly known as Erindale College, it was the first College at U of T to obtain its own coat of arms.

Mississauga is one of the largest corporate districts in Canada with major international companies' Canadian headquarters, including HP, Microsoft, Pepsico, General Electric and Wal-Mart Canada.

Started in 1970, U of T Mississauga's radio station, CFRE, broadcasts Canadian and independent music in all genres 24/7 and has launched the careers of many personalities in broadcasting and music.

With a length spanning 1,500 kilometers, the Credit River runs through the campus on its way to Lake Ontario.

Find your balance – U of T Scarborough offers cutting-edge research with outstanding faculty renowned in their fields, with vibrant student life, and hands-on experiences to build quality resumes.

WHY U OF T SCARBOROUGH?

Three hundred acres of beautiful parkland coupled with easy access to Toronto city centre serve as an inviting background for undergraduate studies in the arts, sciences, management and teacher education. U of T Scarborough is the only campus to offer Co-op programs which feature degree studies plus work experience in almost every discipline of study. Being a medium-sized campus means you can easily engage with your classmates and get to know your professors while earning a degree from Canada's premier university. The opportunities to get involved within a lively and close-knit community are boundless.

COMMUNITY

Building relationships is made easy through the more than 200 student clubs and the wide variety of activities. You can get involved in academic, athletic, cultural and recreational groups. U of T Scarborough's artistic community is active and vibrant; budding artists or performers will find it both stimulating and inviting.

RESIDENCES

First year students living in residence can participate in RezDirection, a program of events focusing on academic life, campus life and life skills development. Students also receive individual support from Residence Advisors and full time staff. Fully furnished townhouse and

enrich your studying and amplify your research opportunities. apartment style residences are a five minute walk from classrooms. First year students also participate in a meal plan. For more information, visit www.uoft.me/utsresidence.

RESOURCES

As a U of T Scarborough student, you will have access to great facilities that will

the Science Research Building, which boasts 16 state-of-the-art research laboratories; and the Student Centre, which offers the student union, clubs, media, multi-faith prayer rooms, a food court, a restaurant/pub and the Department of Student Life. U of T Scarborough is committed to ensuring student success, which means you can benefit from a wide variety of programs, services and workshops to ensure you reach your full potential.

The Toronto Aquatics and Sports Centre, opening in 2014, is one of the major sites for the 2015 Pan American/Parapan American Games. When the Games finish and the international spotlight dims, this world-class complex will continue to offer UTSC students a vast array of recreational and personal fitness programming and innovative educational opportunities. With first-class training facilities, a sports medicine clinic, three multi-use teaching studios and a highly

The original buildings of the Scarborough campus were designed by internationally acclaimed architect John Andrews, who later went on to design Toronto's iconic landmark – the CN Tower.

anticipated centre for high-performance sport, our students will be exposed to the very latest and greatest in technology, equipment and athletic theory.

THREE CAMPUSES

Residences: A place to call home

In residence, students have a home base where they can eat, study and play as a team, creating a tight-knit environment.

MODERN

HOUSING

Residence is guaranteed for all new full-time students entering their first year of university in an undergraduate program for the first time, provided that they have indicated their interest in residence by completing the University's common residence application by March 31, and have received and accepted an offer of admission by June 1. U of T student housing offerings are as varied as the people who live in them. We have the same philosophy for housing and community as we do for learning: different people have different needs. All three campuses have accessible housing options and typically include a combination of traditional dorms, shared apartment-style, private apartment-style and shared housing.

HISTORIC

U of T MISSISSAUGA HOUSING

U of T Mississauga has rooms for 1,500 students and offers the most diverse range of options. Traditional-style rooms and town homes provide everything you need to call us home – including a single bedroom! New international students are offered a conditional four-year housing guarantee.

U of T SCARBOROUGH HOUSING

The 765 students in residence at U of T Scarborough can participate in RezDirection, a community based learning program focused on academic life, campus life and life skills development. Townhouse and apartment style residences are fully furnished and feature single bedrooms. Students benefit from a required meal plan and support from Residence Advisors and full time staff from various learning services and student services.

OFF CAMPUS

U OF T ST. GEORGE HOUSING

Students living on campus reside within a college or in the Chestnut Residence, which is an inclusive community of students with its own vibrant atmosphere, intramural teams, events and activities.

OFF-CAMPUS HOUSING

The U of T Housing Office at each of our three campuses can help you search through listings of available apartments and houses, either online or in their office.

For more information about residences, please refer to www.uoft.me/housingservices.

EXPERIENCE FOOD

Noodles, fish balls, halal and vegetarian choices – food culture around U of T's three campuses abounds with options.

Grab a bite amidst the smart modernism of Sammy's Student Exchange or immerse yourself in a classic university tradition at Burwash Hall, with its long wooden tables and stunning leaded windows. Regardless of your choice, the food and the places are worthy of appreciation. No worries about "mystery meat" here; instead, you'll find fresh salads overflowing with colourful veggies, DIY smoothies and chicken prepared in six different traditions from around the world.

THREE CAMPUSES

Take the tour

Visit our campuses and discover first-hand the Boundless opportunities U of T has to offer.

FALL CAMPUS DAYS 2013

Fall Campus Days are prospective student events held annually on all three U of T campuses. The open houses provide you with a once-a-year opportunity to meet professors, speak with current students, learn more about our colleges and academic programs and participate in organized events.

www.uoft.me/campusdays

CAMPUS TOURS

U of T guides are keen to show you both the obvious and the hidden sides of the University through any of the following campus tours. For all tours and events, if you require an accommodation due to a disability please contact the respective

campus two (2) weeks prior to the tour or event you would like to attend. We will work with you to make appropriate arrangements.

ACADEMICS

Unique learning opportunities

“U of T encourages students to...look at the world as a practical laboratory to apply new ideas and explore different avenues.”~ *Jasmeet Sidhu, journalist, activist, recent alumna*

U of T offers exceptional range, choice and depth of study. Undergraduate students at U of T can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of these fields of study. Over 90 percent of our most accomplished

researchers teach undergraduate classes, which means you'll be learning from the very best in their fields.

As a U of T student, you'll want to take advantage of the University's smaller learning environments. Much like the

Toronto region, the University is a community of communities. Working with faculty and other students in close-knit learning groups, students can tailor their experiences to their interests and develop passions that will help them make their mark on the world.

RESEARCH OPPORTUNITIES PROGRAM

Ready to start making your mark? Beginning in second year, the Research Opportunity Program (ROP) gives you the opportunity to conduct research outside of the classroom, working in meaningful projects with some of the University's most renowned professors – for course credit!

CAREER LEARNING

Co-op:

Fast-track your career with one of the 49 Co-op programs available only at U of T Scarborough. Alternate study terms with terms of full-time paid employment. Whether you're an International Business student looking at international finance in a foreign context or a biologist exploring genomics at a teaching hospital, a tailored unique experience can be found through the Co-op programs.

Professional Experience Year (PEY):

Students at U of T Mississauga, in Engineering or selected programs in other divisions, can participate in paid internships. Spend 12 to 16 months working alongside leaders in your field – anywhere in the world – or choose a four-month Engineering Summer Internship program (eSIP).

GLOBAL LEARNING

Our students are in classrooms all over the world. The Centre for International Experience partners with more than 130 institutions in over 35 countries, and the Summer Abroad program offers more than 30 courses in 16 countries. U of T Scarborough Co-op students may participate in international work terms, field courses and more.

SERVICE LEARNING

UTSC offers you the opportunity to combine classroom learning in a credit-bearing course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.

Your future is now

As one of the world's top educational institutions, the University of Toronto is a dynamic destination for unsurpassed excellence. Give us your enthusiasm, your dedication and four years of your time, and we'll give you everything you need to make your mark on the world.

A MUTUAL INVESTMENT.

ACADEMICS

First year foundations

The *One* programs

If you're a first-year arts, science or business student, you can choose to take advantage of U of T's First Year Foundations: The *One* Programs learning opportunities. Through interactive group work, travel or community engagement, these programs will help you transition successfully to university life, as well

as build critical thinking and writing skills, intellectual independence and creative imagination.

The *One* Programs are run through Innis College, New College, St. Michael's College, Trinity College, University College, Victoria College, Woodsworth College, the

Munk School of Global Affairs, U of T Scarborough and U of T Mississauga. These dynamic small-group offerings allow you to network with peers, mentors and professors, and explore a broad range of compelling issues. Take some time to read more about U of T's first-year learning options to determine which is right for you.

VIC ONE

Vic One – the first *One* program launched in 2003 – gives students a strong foundation in their field of academic interest along with exposure to research experience, stimulating guest speakers, and a supportive infrastructure. Intellectual curiosity is encouraged as students pursue studies in one of six Vic One streams in the humanities, social sciences, education, physical and mathematical sciences, arts and society, and the life sciences. Each stream examines course material from a multi-disciplinary perspective, in a discussion-based small class environment.

Number of credits: 2 credits + 1 (stream-based) co-requisite = 3 credits
www.uoft.me/vic-one

TRINITY ONE

The Margaret MacMillan Trinity One program explores world affairs, human life, and democratic governance through its International Relations, Ethics, and Public Policy streams. Enrichment events include speakers from the U of T School of Public Policy & Governance, the Munk School of Global Affairs, and the Centre for Ethics.

Number of credits: 2 credits + 1 co-requisite credit = 3 credits
www.uoft.me/trinityone

INNIS ONE: The Creative City

Innis One encourages you to develop your creative and critical capacities by exploring the dynamism of urban environments. You'll reach beyond the classroom to gain a greater appreciation of how film, writing and urban landscapes interplay.

Number of credits: 1 credit
www.uoft.me/innisone

NEW ONE: Learning Without Borders

New One: Learning without Borders explores our connections as global citizens today, offering interdisciplinary courses on food, digital technology, language, and art in community-building. Taking up social justice themes, the program provides opportunities for developing academic skills, engaging with inspiring community and student leaders, and pursuing creative ways of learning.

Number of credits: 1 credit
www.uoft.me/newone

SMC ONE: Cornerstone

SMC One: Cornerstone lets you integrate your interest in community engagement and social justice into your academic studies. By implementing justice-based projects in the local Toronto community and creatively and critically reflecting on your experience with classmates in small seminar groups, you'll work to narrow the gap between practical and theoretical approaches to social justice.

Number of credits: 1 credit
www.uoft.me/smc-one

UC ONE: Engaging Toronto

University College's UC One is an exciting set of small-enrolment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city's citizenry; the health of its urban fabric; its performing arts scene; and the culture and politics of its sexual diversity.

Number of credits: 1 credit
www.uoft.me/uc-one

WOODSWORTH ONE

Woodsworth One offers a unique first-year experience built around the unifying theme "Order and Disorder." You'll take two half-credit seminars that are designed to complement a combination of introductory courses in Sociology, Political Science, Philosophy, or History. In addition, you'll participate in a wide range of exciting co-curricular activities, including guest lectures, student leadership events, and field trips.

Number of credits: 1 credit
www.uoft.me/woodsworth-one

MUNK ONE: Global Innovation

Think big. Work in teams to solve real world problems. Innovate. Munk One provides students with a focus on innovation and global problem-solving. Join a cohort of students engaging the role of innovation in areas such as cyber security, human rights, health, development, and sustainability.

Number of credits: 2 credits
www.uoft.me/munkone

utmONE: Global Horizon

utmONE offers a suite of first-year transitional options, both for-credit and not-for-credit, that provide students the tools to enhance their academic skills, connect with UTM resources, and build productive and supportive academic networks.

utmONE Scholars' Seminars and Courses offer 0.5 credits.

utmONE Connect is not-for-credit.
www.uoft.me/utmississaugaone

UTSC ONE: iExplore

UTSC One: iExplore: A unique combination of small first-year seminars, fieldwork and international travel which provide hands on learning experiences. Students might conduct geological fieldwork, design and implement public opinion surveys or even map their own genome sequences!

0.5 credit for each course
<http://uoft.me/iexplore>

Through interactive group work, travel or community engagement, U of T's *One* learning opportunities will help you transition successfully to university life, as well as build critical thinking and writing skills, intellectual independence and creative imagination.

ACADEMICS

First entry programs: More choices, more opportunities

Studying at U of T is about choice. When you enter in your first year, you have access to more academic programs at U of T than at any other Canadian university. Our three campuses — St. George in Toronto city centre, Mississauga in the west and Scarborough in the east — give you the choice to learn in a setting that suits you.

U OF T ST. GEORGE

JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN

The Daniels Faculty offers unparalleled programs in both Architecture and Visual Studies. Whether you would like to pursue a career in a design or environmentally related field, sustainable building science, city planning or visual media, the Daniels Faculty will offer you a wide breadth of opportunities. The city of Toronto provides a unique cosmopolitan environment within which students can expand and enhance their learning.

ACADEMICS

U OF T ST. GEORGE

John H. Daniels Faculty of Architecture, Landscape, and Design

S 500

P 3

@ 416.978.5038

www.uoft.me/daniels

WHY STUDY ARCHITECTURE

The Honours Bachelor of Arts (HBA) Degree program in Architectural Studies at the Daniels Faculty prepares its graduates to imagine the future of our built environment, grounding them in innovative approaches to design. Our graduates pursue careers in a wide range of design and environmentally-related fields, from architecture, city planning, sustainable building sciences, to film. Whether you eventually wish to enter the professions of Architecture or Landscape Architecture (both of which require graduate degrees at the master's level), or plan on a career or graduate study in a related field, the HBA in Architectural Studies will give you an unparalleled and internationally recognized academic preparation.

WHY STUDY VISUAL ARTS

As of July 2013, the Visual Studies program is now being offered at the John H. Daniels

Faculty of Architecture, Landscape, and Design. Students now apply directly to Daniels to earn an Honours BA in Visual Studies. Studio classes are offered in a variety of media. Visual Studies offers courses in most areas of contemporary art practice, including discipline specific and interdisciplinary studios. Visual Studies emphasizes a strong commitment to the social, cultural and theoretical issues embodied in the current art community. Visit our website for a full description of this exciting new addition to our Faculty offerings.

The undergraduate programs in Architecture and Visual Studies provides a broad, design and arts based lens through which to study humanities, and gain a deep foundation in all the disciplines related to architecture, urbanism and visual art.

The Daniels Faculty is an internationally renowned design school located at the heart of U of T St. George in downtown Toronto. Studies at home and abroad provide a dynamic laboratory for creative

design, research and education. At Daniels, you will have direct access to distinguished professors, a diverse and talented group of graduate students, and a wide array of courses and academic enrichments that one of the world's top-ranked universities, and one of its most cosmopolitan cities, has to offer.

Daniels

The Daniels Faculty has received the largest ever private investment in the study of architecture in Canada. John H. Daniels (BArch 1950) and Myrna Daniels made a historic \$14 million gift to fund a new generation of students and an ambitious expansion of facilities.

The Green Roof Innovation Testing (GRIT) Laboratory. Founded in 2010, the GRIT Lab is located on the Daniels Faculty roof at 230 College Street.

Start

Students can specialize in Architectural Design; History, Theory, and Criticism; or Visual Studies. Details on the program and information on the application process are available from the Faculty's web site: www.uoft.me/daniels.

U OF T ST. GEORGE

Faculty of Arts & Science

The U of T library system is ranked third among peer institutions in North America.

Drop into the Munk School of Global Affairs to hear lectures by luminaries on current global issues.

- Humanities
- Life Sciences
- Physical & Mathematical Sciences
- Rotman Commerce
- Social Sciences

ensure you are prepared to adapt to a variety of careers.

The choices available in a faculty that combines both the arts and sciences ensures that you have the opportunity to combine programs in widely different subject areas. For example, you can explore literary masterpieces of the 20th century while deciphering DNA coding.

Cross-discipline collaboration is a towering strength at the Faculty of Arts & Science and the number of interdisciplinary programs is testament to this strength. Programs like international relations, cognitive science and urban studies give you the added benefit of taking courses from a variety of departments. The Faculty's breadth and diversity translate to unlimited opportunities for you to explore your interests.

WHY STUDY ARTS & SCIENCE AT U OF T

In the Faculty of Arts & Science, you can pursue your academic interests from a selection of over 300 programs and more than 2,000 courses in a wide array of disciplines that span the arts and sciences. Unique learning options that include First-Year Seminars with classes of not more than 24, First-Year Learning Communities, First Year Foundations: The *One* Programs, International Course Modules and a wide range of research opportunities make the Faculty a great place to pursue your interests in a distinct way.

WHY STUDY ARTS & SCIENCE

From criminology and computer science to philosophy and psychology, the disciplines of Arts & Science touch all aspects of the human experience. By studying within Arts & Science, you gain interpersonal, decision-making and critical thinking skills as well as expertise in conducting research and making presentations. Transferable skills like these

U OF T ST. GEORGE

ACADEMICS

ACADEMIC OPTIONS

In Arts, you can choose from courses in the humanities, social sciences and commerce. Want to unravel the mysteries of ancient civilizations? Choose the humanities or social sciences and study areas like history, classics and anthropology. In Sciences, you can choose from physical and mathematical sciences, computer science and life sciences. Curious about black holes? Choose the physical and mathematical sciences and study areas like astronomy and astrophysics. If teaching is in your future, consider the Concurrent Teacher Education Program for teacher certification in specialized areas while you complete your degree.

COLLEGES

Every Arts & Science student at U of T is a member of a college, which comes with all the community advantages within the umbrella of one of the nation's top universities. Seven colleges on the St. George campus offer a home base, academic, financial and personal counselling. Independent of which college you choose, you'll have access to all courses and programs offered in the Faculty of Arts & Science.

Visit the colleges website to see their unique offerings.

www.uoft.me/colleges

60

The percentage of first year courses with an enrolment of 50 or fewer students.

30

The maximum number of students in each First-Year Learning Community (FLC).

50

Over fifty languages are taught in the Faculty of Arts & Science.

Start

If you are considering applying to the Faculty of Arts & Science, you will choose one of the six broad admission categories: Humanities, Social Sciences, Rotman Commerce, Life Sciences, Physical and Mathematical Sciences or Computer Science. At the end of first year, you will enrol in your specific program(s) of study.

Even if you don't know your intended program of study, you have plenty of time to figure it out – usually by taking a mix of courses in first year that prepare you for a variety of programs. Offers of admission to the Faculty are typically made between February and late May.

Complete admission information for the Faculty of Arts & Science is available at www.uoft.me/art-sci.

COLLEGES

Distinctive traditions at U of T St. George

Victoria College's venerable Burwash Hall is where residents dine every day and attend College events.

As a member of the Faculty of Arts & Science on the U of T St. George campus, you become a member of a unique academic and social university community.

The colleges of the U of T St. George campus provide students with the benefits of belonging to the nation's top research university and simultaneously to an intimate college community where they socialize, dine, receive a number of services and may live in residence.

Colleges have been a fundamental part of U of T life since the mid-nineteenth century. University of Toronto has seven colleges offering a wide variety of environments and experiences best suited to the individual interests of its students. Every student within the Faculty

of Arts & Science is a member of a college, selected during the application. While the colleges vary by size, alumni, interdisciplinary course offerings, facilities and distinctive legacies, they are unified by their commitment to serving their students and enhancing their university experience.

WHY STUDY ENGINEERING

While science helps us learn about and understand the world around us, engineers create, design and manage practical, efficient and effective solutions to the challenges we face as a society. The work that engineers do is vast and broad, from working to regenerate skin cells for burn victims, designing aircrafts, developing alternative energy sources and water purification systems to finding urban solutions.

Engineers are some of the most versatile professionals out there, with the ability to apply critical thought, creativity, technical skill and problem solving to every industry. By studying engineering, you not only gain these skills but also the knowledge required to confront technical challenges, provide solutions that create new opportunities and help people around the world.

WHY STUDY ENGINEERING AT U OF T

U of T's Faculty of Applied Science & Engineering is widely recognized as one of the best in North America. Here, you will find a curriculum with flexibility that focuses on producing well-rounded engineers with strong technical skills who can communicate their designs effectively. Starting in your first year, you will put your theoretical knowledge to work by tackling hands-on design projects in teams to gain real engineering practice.

Engineering at U of T offers you the complete university experience — academic prestige, a historic campus in the heart of downtown Toronto, a rewarding student life and an unrivalled engineering teaching faculty. In fact, our professors are world-class experts who are redefining the boundaries of applied science and engineering through their research, giving you both academic rigour and practical experience.

ACADEMIC OPTIONS

The curriculum of every U of T Engineering program provides dynamic options and specializations for you to choose from, giving you complete control in shaping and exploring your engineering and professional interests. You also have the ability to pursue minors through the Faculty of Arts & Science (e.g. Cinema Studies, French or History) and within engineering itself: Bioengineering; Sustainable Energy;

Environmental Engineering; Engineering Business; Robotics and Mechatronics.

COMMUNITY

By joining U of T Engineering, you will become a part of the most spirited faculty on campus. There are opportunities to participate in a wide variety of engineering specific student-led events and activities like the Formula SAE racecar competition, the orchestra and intramural sports.

24,000

The number of Skule™ alumni working worldwide in manufacturing, technology, communications, law, finance, medicine and the resource industries.

Start

There are three distinct entry points to Engineering in first year. When applying, choose one of the following entry points. The BAsC is the traditional degree offered for engineering programs in Canada and is equivalent to the BEng.

DIRECT ENTRY: CORE 8 PROGRAMS

Our Core 8 engineering programs reflect the incredibly diverse nature of engineering. You can choose to start your specialization right from first year in the following disciplines: Chemical, Civil, Computer, Electrical, Industrial, Materials, Mechanical, and Mineral. Students in our Core 8 programs graduate with a BAsC degree.

DIRECT ENTRY: ENGINEERING SCIENCE

This enriched program is available for those looking for an extra academic challenge. In years 1 and 2, you will build your foundation in both science and engineering, while years 3 and 4 allow for specialization in one of eight unique options: Aerospace, Biomedical Systems, Electrical and Computer, Energy Systems, Infrastructure, Nanoengineering, Engineering Physics, or Engineering Mathematics, Statistics and Finance. Students in Engineering Science graduate with their BAsC in Engineering Science degree.

GENERAL FIRST YEAR (TRACKONE)

This is a foundational program that provides a comprehensive preparation while allowing students more time to decide on their area of specialization. At the end of first year, students choose to enter one of the Core 8 engineering programs (this does not include Engineering Science): Chemical, Civil, Computer, Electrical, Industrial, Materials, Mechanical and Mineral.

www.uoft.me/eng

Leaders of Tomorrow connects technical learning with conflict resolution and management skills preparing our students to tackle complex global issues.

Engineers Without Borders (EWB) allows students to utilize appropriate technology to help people and penetrate the root causes of poverty through global projects and experiences.

Professional Experience Year (PEY) provides 12- to 16-month paid internships in 17 countries. More than 60% of all third-year Engineering students participate, earning an average annual salary of \$47,000.

- History and Theory
- Music Education
- Performance – Classical
- Performance – Jazz

WHY STUDY MUSIC

Music expresses the heart, the mind and the soul. Its ability to transcend language and culture makes it accessible to anyone, regardless of age, gender or ethnicity. Musicians and music educators have the power to inspire, inform and entertain, making music one of the most enriching art forms in the world.

By studying music, you will gain both a theoretical and historical understanding of music fundamentals and develop transferable skills that are suited to a variety of careers, even those outside of music. These skills include performance, composition and writing, research, presentation, teamwork and leadership.

WHY STUDY MUSIC AT U OF T

At U of T's Faculty of Music, you will receive a thorough grounding in all aspects of music while specializing in one of the following degree options: Performance, Composition, Education, History and Theory, Comprehensive or the Concurrent Teacher Education Program.

Our outstanding faculty and location in one of North America's most active music scenes combine to help the Faculty of Music turn out a high percentage of graduates who go on to a successful career in music. The well-connected faculty, which includes both the who's who and rising stars of Canadian music, provide entrée to the professional music world so that you will be ready to launch your career by the time you graduate.

Start

If you live within 400 km (250 miles) of Toronto, you must audition in person. If not, you may send in a recording but it is strongly advised to come for a live audition. Auditions are held in February and March. Please review www.uoft.me/music for guidelines.

As part of the audition and interview process, you will be asked to play pieces you have prepared and answer questions that help us assess your musical knowledge as well as your musical interests. You may audition on any standard orchestral or band instrument, classical guitar, free bass, accordion, historical instrument, piano, organ or voice.

Complete admission information is available at www.uoft.me/studymusic.

U of T opened the first electroacoustic studio in Canada (second in North America) in 1959, the centre of Canada's electroacoustic history.

P 3

@ 416.978.3026 www.uoft.me/kinesiology

PROGRAM AREAS

- Concurrent Teacher Education Program
- Kinesiology
- Physical & Health Education

WHY STUDY KINESIOLOGY
& PHYSICAL EDUCATION

Kinesiology/physical education and health explores the relationship between human movement and healthy living. The importance of physical and health education is profound; it equips individuals with the knowledge, skills, capacities,

values and enthusiasm to maintain a healthy lifestyle from childhood into adulthood.

By studying kinesiology and physical education, you will gain a strong background in the behavioural, biophysical, and physical-cultural bases of physical activity and health, and the skills necessary to work in a variety of settings such as universities, health care facilities, research institutes, schools, sports organizations and governments around the world.

WHY STUDY KINESIOLOGY
& PHYSICAL EDUCATION AT U OF T

U of T's Faculty of Kinesiology & Physical Education offers a compelling breadth of courses that give you theoretical

knowledge and hands-on skills. The undergraduate program is accredited in Kinesiology and Physical Education Teacher Preparation. The Faculty offers Bachelor degrees in Kinesiology and in Physical and Health Education. Additionally, the Concurrent program offers Bachelor's degrees in Education and in Physical and Health Education. The resources available at U of T and the surrounding community are unparalleled.

The undergraduate program has about 250 students in each year. A strong sense of community is built as a result of numerous small group and experiential learning opportunities.

Start

All applicants are asked to demonstrate a commitment to a lifestyle of physical activity as a means of maintaining health as well as leadership experience in some aspect of the broad field of physical and health education. If you are applying to the Faculty of Kinesiology & Physical Education, you should know that in addition to the academic requirements you must submit an online Statement of Interest. If you do not complete the Statement of Interest before the deadline, you will be disqualified from admission. The deadline to submit the Statement of Interest is March 15 for all applicants. Applicants to the Concurrent Education Program must also complete a CTEP Application Profile. Complete admission information is available at www.uoft.me/kinesiology in the Undergraduate Program/Prospective Students section.

U of T was the first Canadian university to mandate equal funding for women's and men's intercollegiate athletics programs.

FACULTY OF ARTS & SCIENCE
ADMISSION REQUIREMENTS

All program areas require:

- Ontario Secondary School Diploma or equivalent
- Six Grade 12 U/M subjects or equivalent and any prerequisites including:
 - for Humanities and Social Sciences: English
 - for Commerce: English, Calculus
 - for Physical and Mathematical Sciences: English, Calculus
 - for Computing Science: English, Calculus
 - for Life Sciences: English, Calculus

These courses will be included in the admission average. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course.

ARCHITECTURE, ENGINEERING, MUSIC,
KINESIOLOGY & PHYSICAL EDUCATION
ADMISSION REQUIREMENTS

All programs require:

- Ontario Secondary School Diploma or equivalent
- Six Grade 12 U/M subjects or equivalent including English and any prerequisites

Prerequisite courses will be included in the admission average. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course.

Note: Engineering applicants must complete a supplemental online Student Profile Form. Kinesiology & Physical Education applicants must complete a supplemental online Statement of Interest form.

* Joint programs with Sheridan College

At U of T Mississauga, you can select from 143 programs among 87 areas of study that are enriched by the opportunity to work in university and industry-based research labs, work placements, internships and mentorship programs.

Some of the most highly-regarded programs at U of T Mississauga include anthropology, biology, commerce, management, communications, computer science, criminology, English, environmental studies, forensic science, history, life sciences, philosophy, psychology and sociology. Other undergraduate programs include a comprehensive spectrum of arts and science programs as well as business and fine arts.

DISTINCTIVE OPTIONS

U of T Mississauga is unique amongst Canadian universities in offering both undergraduate Bachelor of Business Administration and Bachelor of Commerce programs.

THE CONCURRENT EDUCATION PROGRAM

The five-year Concurrent Teacher Education Program is ideal if you are considering becoming a high school or elementary school teacher.

DEGREE /DIPLOMA OPTION

If you are looking for a degree with more practical experience, U of T Mississauga offers joint programs with Sheridan College in CCIT (Communication, Culture, Information and Technology), art and art history, or theatre and drama. The benefits of these options are that you earn both a university degree from U of T Mississauga (where you take academic classes) and a college diploma from Sheridan.

TRANSFER FROM PUBLICLY-FUNDED ONTARIO COLLEGE

U of T Mississauga grants transfer credits to successful students from publicly-funded Ontario colleges, depending upon programs taken.

HANDS-ON EXPERIENCE

U of T Mississauga recognizes that students need both research and practical skills to be successful following graduation. The University offers a number of ways to gain these skills.

RESEARCH OPPORTUNITY PROGRAM (ROP)

The ROP fully utilizes the benefits of an undergraduate education within a research intensive university. Upper-year students have the opportunity to conduct research for course credit with some of the University's most renowned professors.

225

The number of protected green belt acres on which the campus is situated.

INTERNSHIPS AND WORK EXPERIENCE

The Internship Support Office (ISO) links students to paid and unpaid internship opportunities. Forensic Science, Life Science, Psychology, Environment/GIS, CCIT, Management, Commerce and Math and Computational Sciences all offer internship experiences.

Start

Deciding that U of T Mississauga is the campus for you is the first step towards admission.

Complete admission requirements to all of U of T Mississauga programs are available at www.uoft.me/utm and on our mobile site, m.utm.utoronto.ca. Offers of admission are typically made between February and late May.

If you are considering living in residence, remember to choose that option when you apply through OUAC. More information about applying for residence is available at www.uoft.me/utmresidence.

The MiST (Multimedia Studio Theatre) is a flexible theatre space within the CCT Building that houses performances from modern multimedia to traditional dance.

Grow Smart, Grow Green is the banner for campus growth and sets out to prove that rapid expansion and development can be accomplished in an environmentally sensitive and responsible manner.

U of T Mississauga offers Canada's premiere forensic science program.

At U of T Scarborough, you can select from over 180 options and more than 1,100 course offerings spanning the humanities, social sciences, life sciences (biological sciences, psychology, neuroscience), computer and mathematical sciences, physical and environmental sciences, management and economics, and teacher education.

LEARNING BY DOING

U of T Scarborough offers a myriad of opportunities to put knowledge into practice, thereby reinforcing theories taught in class by their application within the real world. All students benefit from developing 'soft skills' such as communication training, with specific opportunities: Co-op programs, Service Learning and Outreach, visual and performing arts practical courses, field courses, internships, leadership development programs, volunteering, international development projects, mentorship and community outreach. U of T Scarborough is the campus for those students who learn best by doing.

THE CONCURRENT TEACHER EDUCATION PROGRAM

The Concurrent Teacher Education Program gives you the knowledge and practical training required to qualify as a professional elementary or high school teacher. You may specialize in French as your teaching subject or focus on the sciences in which one of your teaching subjects must be chemistry, mathematics or physics.

JOINT-DEGREE OPTION

One of U of T Scarborough's academic strengths is the opportunity for experiential learning. If a hands-on approach and field experience appeals to you, you have the option to pursue one of these combination degrees plus diploma/certificate programs that are offered jointly with Centennial College. These degree and programs give students the theoretical foundation, critical thinking, analytical and technical skills needed for today's knowledge economy.

CO-OP PROGRAM

U of T Scarborough is the only U of T campus that offers formal Co-op programs in the arts, sciences and management. Leaders in Co-op education for 40 years, U of T Scarborough's Co-op programs give you on-the-job learning within full-time, salaried work terms in industries, organizations and businesses relevant to

your field of study. Co-op programs let you spend two to five semesters (dependent on program of study) in professional workplaces at a wide range of reputable employers. A U of T Scarborough Co-op education provides the skills, knowledge and expertise to secure rewarding positions with outstanding employers after

graduation. It also serves as excellent preparation for graduate school and professional programs.

CO-OP EMPLOYERS

Through Co-op, you can gain work experience with top employers across Toronto, Canada and the world. Here are some recent examples our Co-op program partners/employers:

ARTS

- Peel Regional Police
- Ministry of Training Colleges and Universities
- Under the Banyan Tree Centre for the Developmentally Disabled
- Working Skills Centre
- Canada Revenue Agency
- Ministry of Economic Development and Trade
- Softchoice Corporation

SCIENCES

- Sanofi Pasteur Limited
- Centre for Addiction and Mental Health
- St. Michael's Hospital
- Morneau Shepell
- Ministry of Environment
- BlackBerry
- IBM Canada Ltd.
- Griffith Laboratories Canada

MANAGEMENT

- BMW Canada
- Deloitte
- Merrill Lynch Canada
- Ministry of Finance
- Proctor & Gamble

Start

When applying to U of T Scarborough, you can choose to apply to a specific program directly or to a broad-based category of programs from which you finalize your interests after experiencing a year of studies.

Complete admission requirements to all of U of T Scarborough's programs are available at www.uoft.me/utscadmission. Offers of admission are typically made between February and late May. If you are considering living in residence, remember to indicate your interest when you apply to the campus. More information about securing residence accommodation is available at www.uoft.me/utscresidence.

The Leadership Development Program brings an amazing roster of renowned speakers to campus and organizes student workshops and events.

Prof. Anthony Ruocco uses near-infrared spectroscopy to measure brain activity in the clinical Neurosciences Laboratory that focuses on mental health.

The Environmental Nuclear Magnetic Resonance (NMR) Centre is the first of its kind in Canada and advances U of T's leadership in global environmental research.

International Development Studies Co-op is one of the best-recognized programs in Canada. For over 25 years students have made a difference on-site in 67 countries with reputable aid organizations.

U OF T SCARBOROUGH Admissions – Programs of Study

ADMISSION REQUIREMENTS

All program areas require:

- Ontario Secondary School Diploma or equivalent
- Six Grade 12 U/M subjects or equivalent including English and any other prerequisites

Admission will be based on the academic record, with close attention paid to the prerequisite subjects, plus requested supplementary or profile information. For the final average, Grade 12 English U and the next best five Grade 12 U/M subjects will be used. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course.

Please note that grade requirements for Co-op programs are toward the high end of each range.

Bio = Biology	Ph = Physics
C = Calculus and Vectors	/ = or
Ch = Chemistry	, = and
F = Advanced Functions	rec. = recommended
Fr = French	(c) = Paid Co-op option available
L = Language other than English	

- † Not direct entry from high school.
Minimum of 1 year of post-secondary studies required.
* U of T degree + Centennial College diploma earned.
** U of T degree + Centennial College certificate earned.

The "Approximate Grade Requirement" provided for each program indicates the admission average for that program in the **previous academic year**. This mark range will vary each year, according to the number and quality of applicants. It is not a "cut-off point" or enrolment limit. It is a general guideline only.

ACADEMICS

Professional programs

Our professional programs give you the option to explore studies beyond your undergraduate degree. While some programs require university preparation, others require a university degree. See faculty websites for specific admission information.

DENTISTRY

One of the foremost dental research centres in Canada, U of T's Faculty of Dentistry has an international reputation for scholarly activity, in both the clinical and biological sciences.

🕒 4 years @ 416.979.4901 ext. 4373 
www.uoft.me/dentistryadmission

NURSING

The Lawrence S. Bloomberg Faculty of Nursing ranks among the premier nursing programs in the world in both education and research.

🕒 2 years @ 416.978.2865 
www.uoft.me/bloombergnursing

ARCHITECTURE, LANDSCAPE, AND DESIGN

The John H. Daniels Faculty of Architecture, Landscape, and Design (Daniels) focuses on interdisciplinary training and research to test the limits of 21st century design.

🕒 Varies @ 416.978.5038 
www.uoft.me/daniels

MEDICINE

U of T's Faculty of Medicine and affiliated hospitals are among the leading health sciences centres for research and education in North America, with a global reputation for excellence and innovation.

🕒 4+ years @ 416.978.7928 
www.uoft.me/studymedicine

MEDICAL RADIATION SCIENCES

The Faculty of Medicine and Michener Institute's medical radiation sciences program combines cutting edge technology with patient care and features both diagnostic and therapeutic procedures.

🕒 3 years @ 416.978.7837 
www.uoft.me/medicalradiationsciences

FORESTRY

The Faculty of Forestry offers an innovative, interdisciplinary course-based Master of Forest Conservation program, which includes a three-month internship and opportunities for international study.

🕒 16 months @ 416.946.7952 
www.uoft.me/forestry

LAW

The Faculty of Law is one of the oldest professional faculties at U of T and has a long and illustrious history of educating the best lawyers and legal scholars in Canada.

🕒 3 years @ 416.978.3716 
www.uoft.me/law

PHARMACY

The Doctor of Pharmacy program at the Leslie Dan Faculty of Pharmacy prepares graduates to become leaders in medication therapy management, improve patient outcomes, and work effectively within health care teams.

🕒 4 years @ 416.978.3967 
www.uoft.me/pharmacy

OCCUPATIONAL SCIENCE & OCCUPATIONAL THERAPY

A Faculty of Medicine program, occupational science and therapy prepares students to become innovative occupational therapists and lifelong learners and educators.

🕒 2 years @ 416.946.8571 
www.uoft.me/ot

SOCIAL WORK

The Factor-Inwentash Faculty of Social Work has been on the cutting edge of education, policy, research and practice in the field of social work for almost 100 years.

🕒 **Varies** @ **416.978.3257** 🏰
www.uoft.me/socialwork

PHYSICAL THERAPY

A program within the Faculty of Medicine, the Master of Science in Physical Therapy develops highly competent academic practitioners who demonstrate the essential competencies of a practicing physical therapist in a wide range of settings upon graduation.

🕒 **2 years** @ **416.946.8641** 🏰
www.uoft.me/physicaltherapy

MANAGEMENT

U of T's Rotman School has set out to redesign business education for the 21st century and become one of the world's top-tier business schools in preparing business leaders of tomorrow.

🕒 **Varies** @ **416.978.3499** 🏰
www.uoft.me/rotman

BIOMEDICAL COMMUNICATIONS

A Faculty of Medicine program, biomedical communications offers an interdisciplinary graduate program in the design and evaluation of visual media in medicine and science.

🕒 **2 years** @ **905.569.4849** 🏰
www.uoft.me/biomedcomm

SPEECH-LANGUAGE PATHOLOGY

U of T's Department of Speech-Language Pathology prepares highly competent clinicians and researchers who can work effectively in a variety of speech and language settings.

🕒 **2 years** @ **416.946.5456** 🏰
www.uoft.me/slp

SCHOOL OF GRADUATE STUDIES

From masters to doctoral degree programs, U of T houses more than 80 graduate departments offering 175+ degree, collaborative, combined and diploma programs.

🕒 **Varies** @ **416.978.6614** 🏰
www.uoft.me/gradstudies

INFORMATION

The iSchool is a pioneer in education for professional practice, policy and research in the fields of information, digital communication, media, librarianship and museums for the 21st century.

🕒 **Varies** @ **416.978.3234** 🏰
www.uoft.me/ischool

EDUCATION

For more than a century, the Ontario Institute for Studies in Education has been an international leader in the research, teaching and study of issues that matter in education.

🕒 **Varies** @ **416.978.1848 (undergrad)** 🏰
www.uoft.me/oiscut

THEOLOGY

U of T's affiliate the Toronto School of Theology provides graduate theological education in academic or professional programs and shapes men and women for faithful and creative leadership in the mission of the Church.

🕒 **Varies** @ **416.978.4039** 🏰
www.tst.edu

FINANCES & APPLICATION

Tuition, scholarships and financial aid

Whether you are an Ontario high school student or a student from another province, U of T welcomes applications from well-qualified students.

FINANCES

The cost of a university education is a combination of both tuition fees and living expenses. Considering your financial options today can help you prepare your budget before you ever set foot on campus.

Basic student tuition fees vary by program and faculty but it is helpful to have a general idea of the costs you can expect in your first year:

\$5,865 and up for tuition fees
\$1,000 and up for books
\$1,000 and up for incidental fees
\$7,550 to \$15,000 or more for residence

SCHOLARSHIPS & FINANCIAL AID

The University has comprehensive scholarship and financial aid programs that provide financial support and recognition for outstanding academic achievement at different levels of study. The University, its colleges and faculties, award over 2,400 admission scholarships and over 4,000 in-course scholarships each year.

U of T provides you with two assurances regarding financial support; one based on need and the other primarily based on academic merit. The University's Policy on Student Financial Support states that no student admitted to a program at the University of Toronto will be unable to enroll or complete the program because they do not have sufficient funds. This commitment to students who are Canadian citizens, permanent residents or protected persons means that the University will supplement the funding provided by government sources. This financial assurance is called UTAPS (University of Toronto Advanced Planning for Students).

The President's Entrance Scholarship Program provides a guarantee of scholarship funding in the amount of \$2,000. In order to qualify for this scholarship guarantee you must be a domestic student studying at a Canadian secondary school or CEGEP, your admission average is 92 percent or better and you have completed each of the subjects required for admission (including prerequisites) with at least 'A' standing and enroll in first year at U of T in the fall. All applicants who meet these criteria will receive admission scholarship(s) from the University, its faculties and colleges totaling at least \$2,000. The \$2,000 guarantee of funding is our basic commitment to you.

For further information on these programs and other awards, refer to www.adm.utoronto.ca.

PRESIDENT'S ENTRANCE SCHOLARSHIP PROGRAM

A scholarship promise: If you are a domestic student studying at a Canadian secondary school or CEGEP, and your admission average is 92 percent or better, and you have completed each of the subjects required with at least 'A' standing, the University of Toronto guarantees you an admission scholarship of at least \$2,000 if you enroll in first year at U of T. Many students who meet these criteria will receive significantly more in awards from the University and/or their faculty or college. Because we want to recognize and support the many excellent students who apply to U of T, we have created the President's Entrance Scholarships for those who meet our threshold but who are not offered larger awards. The \$2,000 President's Entrance Scholarship is our basic commitment to you.

For further information on these awards, their application process or financial aid, refer to www.adm.utoronto.ca.

9,050

Spaces in residence.

\$5,865

Tuition fee for the first year in arts, science and business programs.

4,031

In-course scholarships awarded to U of T students annually.

APPLICATION PROCESS

BECOMING A U OF T STUDENT

All students apply to U of T through the Ontario Universities' Application Centre (OUAC).

For detailed information related to admission requirements, please refer to the Academics section of this viewbook.

ONTARIO SECONDARY SCHOOL APPLICANTS

If you are a current full-time Ontario secondary school student, your school will provide you with the online application (called a "101"). Please note that some programs require supplementary forms so check faculty and program admission information for details. Your school will send your marks to OUAC, and they will send them to us.

101 application deadlines:

January 15: Architecture, Landscape and Design; Music

January 31: Concurrent Teacher Education Programs (U of T Mississauga, U of T Scarborough, Physical and Health Education)

February 28: All other programs

ALL OTHER APPLICANTS

If you are in Ontario but not in secondary school full-time, or if you are elsewhere in Canada or overseas, you should apply online through OUAC using the "105" application at www.ouac.on.ca. If you are unable to apply online, you can request a paper application by email request@ouac.on.ca ("paper application" should be subject of email) or by calling 519.823.1063.

105 and internal U of T application deadlines:

January 15: Architecture, Landscape and Design; Music

January 31: Engineering; Nursing; U of T Mississauga; U of T Scarborough; U of T St. George (Arts, Science, Commerce, Kinesiology and Physical Education; International Foundation Program)

February 5: Physician Assistant

March 1: Medical Radiation Sciences

ADMISSION REQUIREMENTS

The minimum requirements for admission consideration vary by program. You must present all the requirements, including prerequisite courses, to be considered. All of our programs have limited spaces and the admission selection process is competitive.

For details regarding the admission requirements for each program, visit www.uoft.me/admissionreq and refer to the information that matches your academic background.

ENGLISH LANGUAGE REQUIREMENTS

Proof of English language proficiency is required from all applicants except for those:

- a)** whose first language is English, or
- b)** who have achieved satisfactory progress in at least four years of full-time study in an English language school system located in a country where the dominant language is English, or
- c)** whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

You will find complete information about English language proficiency requirements, acceptable tests and scores at www.uoft.me/admissionreq.

NEED TO KNOW

Getting in touch

Whether you live near or far, the best way to decide if U of T is right for you is to come and visit our campuses.

FALL CAMPUS DAYS 2013

Fall Campus Days are prospective student events held annually on all three U of T campuses. The open houses provide you with a once-a-year opportunity to meet professors, speak with current students, learn more about our colleges and academic programs and participate in organized events.

St. George: October 19
Mississauga: October 27
Scarborough: November 16

MEET YOUR TOUR GUIDES

U of T guides are knowledgeable students from all backgrounds, geographies and academic programs.

CARLA '13; French Teaching & Learning, Exceptionality, Concurrent Education; U of T Mississauga; ask her about Community on Campus where she works with individuals with intellectual disabilities and practice your French as she shows you around campus.

SIMON '14; Biological Anthropology, Psychology and Zoology; University College; ask him to demonstrate his basketball skills while inside the historic Hart House gym.

JUSTINE '13; Health Studies and International Development Studies; U of T Scarborough; learn more about campus life and how to get involved from this Director of the UTSC Rotaract Club.

1 Spadina Crescent ca. 1874; the historic space that once served as a WWII veteran's hospital and one of Canada's main centres for pharmaceutical development and manufacturing now has labs that sit side-by-side with fine art studios and one of U of T's 15 student newspapers.
