Course Scope and Mission

This course introduces Rotman Commerce students to intermediate financial accounting, including both conceptual and technical aspects.

Course Prerequisites

RSM219H1

Required Readings

1. Kieso, Donald E., Jerry J. Weygandt, Terry D. Warfield, Nicola M. Young, and Irene M. Wiecek. **Intermediate Accounting. 10th Canadian ed. Vol. 1** with WileyPLUS. Mississauga: John Wiley & Sons Canada, 2013.
2. **CICA Handbook**. Canadian Institute of Chartered Accountants. (Electronic version of the Handbook is available through the University's library e-resources - at www.rotman.utoronto.ca/bic under "Quick links to popular databases")
3. Additional readings will be posted on the course website, including the specific handbook sections you will be required to know.

iClickers

We may be using iClickers in this course. Please make sure that you have a registered iClicker before the start of second class (i.e. week 2). When registering your iClicker, use your UTORid (and NOT your student number).

Grading

Evaluation and Grades

Grades are a measure of the performance of a student in individual courses. Each student shall be judged on the basis of how well he or she has command of the course materials.

Assignment	Weight	Date(s)
Course Participation & Contribution	10%	Ongoing
Quizzes	10%	Ongoing
Midterm Test	25%	Thurs Feb 25, 11am-1pm
Group Assignment	20%	TBA
Final Examination	35%	During Final Examination period

Quizzes

Quizzes are online assignments that you will need to complete through the course site (Blackboard). **Quizzes will be posted on Wednesdays at 6pm, and due the following Tuesday at 6pm.** Therefore, you will have ample time to prepare and complete the quiz. Quizzes must be completed individually and may consist of different types of questions (e.g. multiple choice, short-answer, essay, etc.). There will be 9 quizzes to complete over the term, as well as one optional practice chapter (Chapter 1). Your lowest score will be dropped.

Late submissions will not be accepted and failure to successfully compete and submit a quiz before the deadline will result in a mark of zero. Given that you have 6 days to complete and submit each quiz, missed submissions will be considered only in extreme situations (and mark will be allocated to other quizzes).

Course Participation & Contribution

Class participation is important to your understanding of the material. Discussion is an essential part of learning, and it is also the most interesting way to conduct a class. In addition, class participation will enhance your presentation and communication skills, which will help you in recruiting and in your career.

The participation grade will be determined by the **quantity and quality** of your participation. You will not be penalized for wrong answers to the questions raised in class. To facilitate the participation grading, **you are required to put your name in front of you in every class**. If you feel that your name is not called when you raise your hand, please let your instructor know. Remember, attendance does not “buy” participation marks. If you attend and do not participate, your participation mark will be very low.

Additional information will be discussed in the first week of class and posted on the course website.

Midterm Test

The term test will be held on Thursday February 25 from 11am to 1pm. Additional information will be posted on the course website. The term test will cover material from Class 1 to 5. **If you have a conflict with this test, please email the Head TA a copy of your ROSI timetable by 3rd class so we can make alternative arrangements.**

Aids Allowed

No study aids are allowed. You may use a non-programmable hand-held calculator.

Group Assignment

Details for the assignments will be posted on the course website.

Final Examination

The final examination will be held during the formal examination period. The date and time of the final examination will be announced by the Faculty of Arts and Science. It will be three hours in duration and may consist of multiple choice questions, short answer questions, problems, and/or a case. It will cover all materials from the entire course.

Aids Allowed

No study aids are allowed. You may use a non-programmable hand-held calculator.

COURSE FORMAT AND EXPECTATIONS

Turnitin.com:

Normally students will be required to submit their course essays to Turnitin.com (or similar service) for a review of textual similarity and detection of possible plagiarism. In doing so, students will allow their essays to be included as source documents in the Turnitin.com (or similar service) reference database, where they will be used solely for the purpose of detecting plagiarism. The terms that apply to the university's use of the Turnitin.com service are described on the Turnitin.com website.

For Written Assignments:

Please note that clear, concise, and correct writing will be considered in the evaluation of Case Assignments and Peer Feedback. That is, you may lose points for writing that impedes communication: poor organization, weak paragraph development, excessive wordiness, hard-to-follow sentence structure, spelling mistakes and grammatical errors. Students who require additional support and/or tutoring with respect to their writing skills are encouraged to visit the

Academic Success Centre (www.asc.utoronto.ca) or one of the College Writing Centres (www.writing.utoronto.ca/writing-centres). These centres are teaching facilities – not editing services, where trained staff can assist students in developing their academic writing skills. There is no charge for the instruction and support.

Course assignment requires students to work in teams

Learning to work together in teams is an important aspect of your education and preparation for your future careers. That said, project-based teamwork is often new to students and you are therefore reminded of the following expectations with respect to behaviour and contributions to your team project.

1. Read the document entitled, “Working in Teams: Guidelines for Rotman Commerce Students” which is available on the RC portal under the Academic Services tab.

2. When working in a team, Rotman Commerce students are expected to:

- Treat other members with courtesy and respect;
- Honour the ground rules established by the team;
- Contribute substantially and proportionally to the final project;
- Ensure enough familiarity with the entire contents of the group project/assignment so as to be able to sign off on it as original work;
- Meet the project timeline as established by the team.

3. Resolving conflicts:

Conflicts are part of the team’s process of learning how to work together effectively and when handled well can generate creativity and bring-multiple perspectives to the solution.

Student teams are collectively expected to work through their misunderstandings as soon as they arise (and prior to submission of the final project). In cases where teams are unable to arrive at a solution that works for all members, the team must meet with the Rotman Commerce Team Coach** as soon as possible. The Coach will listen to the team and help develop options for improving the team process. All members of the project team must commit to, and, utilize their action plans.

** For an appointment with a Rotman Commerce Team Coach, please contact Nikoleta Vlamis at nikoleta@nikoletaandassociates.com. Nikoleta is highly skilled at facilitating team dynamics and collaboration. Note that the Team Coach’s role is to provide guidance, support and advice on team matters – not to formally evaluate or assess teamwork for academic purposes.

POLICY AND PROCEDURE

Missed Tests and Assignments (including midterm examinations)

Students who miss a test or assignment for reasons entirely beyond their control (e.g. illness) may submit a request for special consideration. Provided that notification and documentation are provided in a timely manner, and that the request is subsequently approved, no academic penalty will be applied.

In such cases, students must notify Rotman Commerce on the date of the missed test (or due date in the case of course work) and submit supporting documentation (e.g. [Verification of Student Illness or Injury form](#)) to the Rotman Commerce Program Office within **48 hours** of the originally scheduled test or due date. Students who do not provide Rotman Commerce or the instructor with appropriate or sufficient supporting documentation will be given a grade of 0 (zero) for the missed test or course deliverable.

Note that the physician's report must establish that the patient was examined and diagnosed at the time of illness, not after the fact. Rotman Commerce will not accept a statement that merely confirms a report of illness made by the student and documented by the physician.

The students who follow the above procedures will have their marks reallocated to the final exam (60%). Failure to do so will result in a grade of zero. There will be no make-up term test.

Late Assignments

All assignments are due on the date specified on Blackboard. Late submissions will normally be penalized by 20% if the assignment is not received on the specified date, at the specified time. A further penalty of 10% will be applied to each subsequent day.

Students who, for reasons beyond their control, are unable to submit an assignment by its deadline must obtain approval from the instructor for an extension. Supporting documentation will be required as per the policy on missed tests and assignments.

Accessibility Needs

The University of Toronto is committed to accessibility. If you require accommodations for a disability, or have any accessibility concerns about the course, the classroom or course materials, please contact Accessibility Services as soon as possible:

accessibility.services@utoronto.ca or <http://www.accessibility.utoronto.ca/>.

Academic Integrity

Academic Integrity is a fundamental value essential to the pursuit of learning and scholarships at the University of Toronto. Participating honestly, respectfully, responsibly, and fairly in this academic community ensures that the UofT degree that you earn will continue to be valued and respected as a true signifier of a student's individual work and academic achievement. As a result, the University treats cases of academic misconduct very seriously.

The University of Toronto's Code of Behaviour on Academic Matters

<http://www.governingcouncil.utoronto.ca/policies/behaveac.htm> outlines the behaviours that constitute academic misconduct, the process for addressing academic offences, and the penalties that may be imposed. You are expected to be familiar with the contents of this document. Potential offences include, but are not limited to:

In papers and assignments:

- Using someone else's ideas or words without appropriate acknowledgement.
- Submitting your own work in more than one course without the permission of the instructor.
- Making up sources or facts.
- Obtaining or providing unauthorized assistance on any assignment (this includes collaborating with others on assignments that are supposed to be completed individually).

On test and exams:

- Using or possessing any unauthorized aid, including a cell phone.
- Looking at someone else's answers
- Misrepresenting your identity.
- Submitting an altered test for re-grading.

Misrepresentation:

- Falsifying institutional documents or grades.
- Falsifying or altering any documentation required by the University, including (but not limited to), medical notes.

All suspected cases of academic dishonesty will be investigated by the following procedures outlined in the *Code of Behaviour on Academic Matters*. If you have any question about what is or is not permitted in the course, please do not hesitate to contact the course instructor. If you have any questions about appropriate research and citation methods, you are expected to seek out additional information from the instructor or other UofT resources such as College Writing Centres or the Academic Success Centre.

Email

At times, the course instructor may decide to communicate important course information by email. As such, all UofT students are required to have a valid UTmail+ email address. You are responsible for ensuring that your UTmail+ email address is set up AND properly entered on the ROSI system. For more information please visit <http://help.ic.utoronto.ca/category/3/utmail.html> Forwarding your utoronto.ca email to a Hotmail, Gmail, Yahoo or other type of email account is not advisable. In some cases, messages from utoronto.ca addresses sent to Hotmail, Gmail or Yahoo accounts are filtered as junk mail, which means that important messages from your course instructor may end up in your spam or junk mail folder.

Blackboard and the Course Page

The online course page for this course is accessed through Blackboard. To access the course page, go to the UofT Portal login at <https://portal.utoronto.ca/> and log in using your UTORid and password. Once you have logged in, look for the My Courses module where you'll find the link to all your course websites. If you don't see the course listed here but you are properly registered for the course in ROSI, wait 48 hours. If the course does not appear, go to the Information Commons Help Desk in Robarts Library, 1st floor, for help, or explore the Portal Information and Help at <http://www.portalinfo.utoronto.ca/content/information-students> and review the Frequently Asked Questions.

Recording Lectures

Lectures and course materials prepared by the instructor are considered by the University to be an instructor's intellectual property covered by the Canadian Copyright Act. Students wishing to record a lecture or other course material in any way are required to ask the instructor's explicit permission, and may not do so unless permission is granted (note: students who have been previously granted permission to record lectures as an accommodation for a disability are, of course, excepted). This includes tape recording, filming, photographing PowerPoint slides, Blackboard materials, etc.

If permission is granted by the instructor (or via Accessibility Services), it is intended for the individual student's own study purposes and does not include permission to "publish" them in anyway. It is absolutely forbidden for a student to publish an instructor's notes to a website or sell them in any other form without formal permission.
