Office Hours: Tuesdays and Thursdays 8 am to 9 am, Location TBA

Mission
This is the second in a two-course series in Canadian federal income taxation. The course is designed to give the student an understanding of more complex issues of Canadian income tax law and tax planning. Topics include computation of corporate taxes, corporate reorganizations, business acquisitions and divestitures, partnerships, joint ventures, and trusts.

Course Prerequisite
RSM 324H1

After taking this course students are expected to be able to
- identify tax issues,
- determine the tax implications of the issues identified,
- calculate income taxes payable for a corporation,
- analyse the alternatives and make recommendations, and
- prepare the appropriate communication.

The two course sequence (RSM324 & RSM424) has been designed to provide participants with coverage of all the tax topics in the CPA Competency Map Knowledge Supplement.
Required Readings

1) **Canadian Income Taxation – Planning and Decision Making, with CONNECT PrePak**
who do not have 2016-2017 edition, it is recommended that they purchase the SmartBook
with Connect instead of the traditional print textbook which includes a Connect access
code. Both are available at the UofT Bookstore.

3) **Current Readings in Taxation.** Readings will be assigned during the term with the
objective of highlighting current discussions on topics covered in this course. Sources will
include Canadian Tax Focus, the Canadian Tax Journal & Conference Reports provided by
the Canadian Tax Foundation, as well as newspaper and magazine articles.

Supplemental Materials:

**KNOTIA Tax Suite Premium.** This online tax research infobase includes - income tax (**FITAC-
Platinum**), GST/HST (**EARL**), and provincial tax databases (**PERL**), as well as daily news
updates (**Knotia News**). This package enables students to access the most up-to-date tax law,
court cases, and administrative practices. These databases are accessed using your UTOR ID
and password via the following URL:

**COURSE FORMAT AND EXPECTATIONS**

We expect our students to be highly motivated in learning the subject matter and to dedicate
adequate time to the course each week. Students are expected to be prepared for class and
tutorials and to contribute to discussions, both in class, tutorial, and online. New topics will be
discussed in each class using the **Income Tax Act** (ITA) and Key Concept Questions from the text.
Questions, Problems and Cases from the text will be assigned for discussion during the following class.

Students are to bring the Buckwold/Kitunen text and the ITA to all classes. To prepare for classes and tutorials students should:

- Complete the assigned Readings, Questions, Problems and Cases.
- Be prepared to discuss the prepared solutions and readings.

It is recommended that students form study groups and work together to prepare for class & tutorials.

Discussion Board: The discussion board on the Blackboard portal will be set up for discussions. Questions related to course material should be posted to the discussion board. Students in the course are expected to answer the questions. The answers will be monitored by a teaching assistant. Questions related to course administrative matters should be emailed to the course instructor.

Participation: The 5% grade component for participation is being awarded as an additional incentive for students to do the readings and problems/cases assigned each week and to actively participate in class discussions. Learning and retention can be increased substantially through active discussion.

Some of the behaviors that contribute to effective participation are captured in the questions that follow:

1) Is the participant a good listener?
2) Are the points that are made relevant to the discussion? Are they linked to the comments of others?
3) Do the comments show evidence of preparation for the class?
4) Is there a willingness to share knowledge and ideas with other class members?
5) Do comments clarify important aspects of earlier comments and lead to a clearer statement of the concepts being covered?

Connect Assignments: These are online assignments that are to be completed by each student on assigned dates within a 12-hour period. The assignments should take no longer than 20 minutes. Please ensure that you have access to CONNECT before the second class.

Term test and Final Examination: The term test will examine material covered in the first five classes and is one hour and 45 minutes in length. Material covered during the entire term is examinable on the final examination which is three hours in length. Students are allowed to use a non-programmable calculator and the ITA as aids during the term test and final examination. It is the responsibility of each student to bring to the test and exam his/her personal calculator and ITA.

Rules for the ITA

Permitted:
- Underlining and highlighting are permitted in the ITA.
- Tabs may be used but must be blank or contain an ITA section number, only. Maximum tab size of 1.5 cm x 5 cm will be enforced.
NOT Permitted:
- Writing in the ITA. This includes margins and blank areas of pages.
- inserting additional pages or post-it notes.

In the event invigilators suspect a breach of the above rules, the offending reference material will be confiscated for detailed review. The confiscated reference material will not be replaced. The candidate will be permitted to continue to write the remainder of the examination. All suspected cases of academic dishonesty will be investigated by the following procedures outlined in the Code of Behaviour on Academic Matters.

**POLICY AND PROCEDURE**

**Missed Tests and Quizzes (including midterm examinations)**

Students who miss a test or quiz for reasons entirely beyond their control (e.g. illness) may submit a request for special consideration. Provided that notification and documentation are provided in a timely manner, and that the request is subsequently approved, no academic penalty will be applied.

In such cases, students must notify Rotman Commerce on the date of the missed test (or due date in the case of course work) and submit supporting documentation (e.g. Verification of Student Illness or Injury form) to the Rotman Commerce Program Office within **48 hours** of the originally scheduled test or due date. Students who do not provide Rotman Commerce or the instructor with appropriate or sufficient supporting documentation will be given a grade of 0 (zero) for the missed test or course deliverable.

**Note that the physician’s report must establish that the patient was examined and diagnosed at the time of illness, not after the fact. The Faculty will not accept a statement that merely confirms a later report of illness made by the student to a physician.**

For this course, specifically, if the term test is missed with acceptable documentation, the weighting of the final exam will be increased to 80%.

**Accessibility Needs**

The University of Toronto is committed to accessibility. If you require accommodations for a disability, or have any accessibility concerns about the course, the classroom or course materials, please contact Accessibility Services as soon as possible: accessibility.services@utoronto.ca or http://www.accessibility.utoronto.ca/.
Academic Integrity
Academic Integrity is a fundamental value essential to the pursuit of learning and scholarships at the University of Toronto. Participating honestly, respectively, responsibly, and fairly in this academic community ensures that the UofT degree that you earn will continue to be valued and respected as a true signifier of a student's individual work and academic achievement. As a result, the University treats cases of academic misconduct very seriously.

The University of Toronto’s Code of Behaviour on Academic Matters
http://www.governingcouncil.utoronto.ca/policies/behaveac.htm outlines the behaviours that constitute academic misconduct, the process for addressing academic offences, and the penalties that may be imposed. You are expected to be familiar with the contents of this document. Potential offences include, but are not limited to:

In papers and assignments:
- Using someone else’s ideas or words without appropriate acknowledgement.
- Submitting your own work in more than one course without the permission of the instructor.
- Making up sources or facts.
- Obtaining or providing unauthorized assistance on any assignment (this includes collaborating with others on assignments that are supposed to be completed individually).

On test and exams:
- Using or possessing any unauthorized aid, including a cell phone.
- Looking at someone else’s answers
- Misrepresenting your identity.
- Submitting an altered test for re-grading.

Misrepresentation:
- Falsifying institutional documents or grades.
- Falsifying or altering any documentation required by the University, including (but not limited to), medical notes.

All suspected cases of academic dishonesty will be investigated by following the procedures outlined in the Code of Behaviour on Academic Matters. If you have any question about what is or is not permitted in the course, please do not hesitate to contact the course instructor. If you have any questions about appropriate research and citation methods, you are expected to seek out additional information from the instructor or other UofT resources such as College Writing Centres or the Academic Success Centre.

Email
At times, the course instructor may decide to communicate important course information by email. As such, all UofT students are required to have a valid UT mail + email address. You are responsible for ensuring that your UT mail + email address is set up AND properly entered on the ROSI system. For more information please visit http://help.ic.utoronto.ca/category/3/utmail.html

Forwarding your utoronto.ca email to a Hotmail, Gmail, Yahoo or other type of email account is not advisable. In some cases, messages from utoronto.ca addresses sent to Hotmail, Gmail or Yahoo accounts are filtered as junk mail, which means that important messages from your course instructor may end up in your spam or junk mail folder.
Blackboard and the Course Page
The online course page for this course is accessed through Blackboard. To access the course page, go to the UofT Portal login at https://portal.utoronto.ca/ and log in using your UTORid and password. Once you have logged in, look for the My Courses module where you'll find the link to all your course websites. If you don’t see the course listed here but you are properly registered for the course in ROSI, wait 48 hours. If the course does not appear, go to the Information Commons Help Desk in Robarts Library, 1st floor, for help, or explore the Portal Information and Help at http://www.portalinfo.utoronto.ca/content/information-students and review the Frequently Asked Questions.

Recording Lectures
Lectures and course materials prepared by the instructor are considered by the University to be an instructor’s intellectual property covered by the Canadian Copyright Act. Students wishing to record a lecture or other course material in any way are required to ask the instructor’s explicit permission, and may not do so unless permission is granted (note: students who have been previously granted permission to record lectures as an accommodation for a disability are, of course, excepted). This includes tape recording, filming, photographing PowerPoint slides, Blackboard materials, etc.

If permission is granted by the instructor (or via Accessibility Services), it is intended for the individual student’s own study purposes and does not include permission to “publish” them in anyway. It is absolutely forbidden for a student to publish an instructor’s notes to a website or sell them in any other form without formal permission.
