Volume 6 Issue 5

May 31, 2000

University of Toronto Maternal, Infant and Reproductive Health Research Unit
at The Centre for Research in Women's Health

Suite 751 790 Bay Street Toronto ON CANADA M5G 1N8 tel: 1 416 351 3776
fax: 1 416 351 8131 email: sheila.hewson@utoronto.ca website: www.utoronto.ca/breech

Thank you for your hard work.

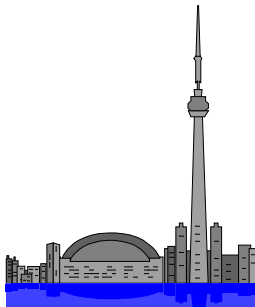

At the end of May, this is the count of booklets still to come:

Entry	6
Labour & Delivery	9
Neonatal	46
Maternal Complications	45

We know that that this very good rate of return is due to the high level of interest and support and we appreciate this response. If **you** have any booklets outstanding, please fax the pages or send them by courier right away.

We are also very grateful for the quick replies we have been getting to recent queries on these last cases. Please keep this up so that we can move forward to the analysis as soon as possible.

Collaborators' Meeting planned for September 8-10, 2000 in Toronto

Information packages have been sent by mail or courier. Please let us know soon if you are coming, and then return the detailed reply sheets by August 1.

We have planned a pretty full agenda, but built in some time for relaxation and lots of discussion with your colleagues. We look forward to seeing you then.

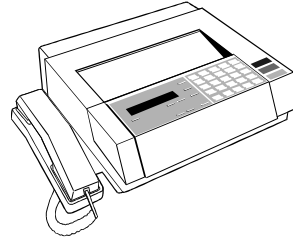

(Our apologies, by the way for the 'typo' on the first page of the general information sheets. The meeting dates are September 8, 9 and 10. Not 'May'.)

Reminder page!

... about the return of data booklets and queries:

DO NOT use regular mail or airmail.

Please use courier or fax. If possible, respond to queries by email.

... about the Follow-up:

The 3 Month Postpartum and the 2 Year (ASQ) Follow-ups should go on as before. This part of the trial continues. These questionnaires can be returned to us by your usual method. It is not necessary to send them by fax or courier.

... about the meeting plans for this year:

The meeting planned for September 3 in Washington DC, in conjunction with FIGO, has been cancelled. We are having the full Collaborators' Meeting in Toronto (September 8-10) instead.

***We're ready and waiting...
As soon as your data booklets and
query responses are complete,
send them to us by courier, fax or
email.***
