Survey!!

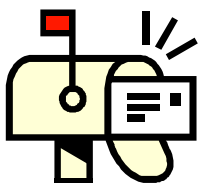

We are distributing a short survey in May to all centres that have been involved in the Term Breech Trial, addressing various issues associated with clinical practice and the results of the trial. Please complete and send back to us as soon as you can.

We are looking forward to getting your feedback and information about your centre!

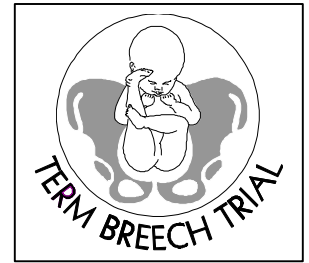

2 year Follow up: Way to go!!

All of your hard work is paying off - We have reached our goal of following-up on 81% of babies born in 1997!
(See page 2 for your centre)

This number could be as high as 85% for 1998 – we are still waiting to get some of the last data forms back. If you have any outstanding data forms, please **send them into the DCC as soon as possible.**

2 Year Follow-Up Tables -

The Status of the Term Breech Trial 2 year Follow-up is displayed in the following tables. Centres are listed according to total number of recruits by Country (Table I), and by Centre (Table II). See below for the number of follow-up's performed by your centre!
