## **JAMA Publication!**

The TBT 3 month postpartum paper has been accepted for publication and will appear in JAMA soon!

Watch for it!

## **TBT: 2 year Follow-up Rates**

We're doing a great job on the follow-up so far <u>but</u> rates for 1999 are lower than our target of 80%. Therefore AS AN INCENTIVE to increase our rates...

... A TBT mug filled with

Jelly Belly™ jellybeans

will be awarded to every centre
reaching an 80% follow-up rate
for babies born in 1999!!

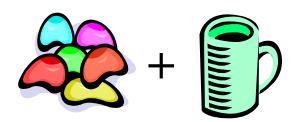

#### Summary (as of March 1, 2002)

1997 done = 82%!

1998 done = **81%**!

1999 ongoing = **67%** 

2000 ongoing = **13**%

(This also applies to those centres that have already reached 80% in the follow-up)

### 2 Year Follow-Up Tables -

The Status of the Term Breech Trial 2 year Follow-up as of March 1<sup>st</sup>, 2002 is displayed in the following tables. Centres are listed according to the total number of recruits by Country (Table I), and by Centre (Table II). See below for the number of follow-up's performed by your centre!

#### I. Follow-Up Status by Country:
