Happy New Year!

from all of us at EECV2 in Toronto and Vancouver

All of our recruiting Centres have made 2005 a remarkable year for the Trial. Our recruitment has been outstanding, and we had two very successful collaborators' meetings. We thank you all for your commitment to answering the question of best timing of ECV and wish you and yours all the best for the New Year! We hope that we can count on your continued support of the EECV2 Trial in 2006.

We have now passed 250!!! Congratulations to Dr Frans JME Roumen and Dr Mijntje Pieters at Atrium Medical Centre, *Heerlen*, THE NETHERLANDS, who recruited the 250th woman into the EECV2 Trial.

Great work!

Great work everyone!

We recruited over 250

women in 2005!

Recruitment

(planned enrolment of 1460)

as of January 3, 2006

- Dr David Gibson at Toowoomba Base Hospital, *Toowoomba*, AUSTRALIA
- Dr Frans Smits and Dr Florien ten Cate at Academisch Ziekenhuis, *Maastricht*, THE NETHERLANDS

Recruitment Recognition - December Quarterly Draw!

Your recruitment efforts are imperative to the success of the EECV2 Trial. As promised we are continuing our quarterly draw for a small token of recognition, in order to recognise your work in recruiting for the trial. Every time your centre recruits a woman into the EECV2 Trial, your centre is entered into the draw.

For this quarter we would like to congratulate Dr Michele Lipp and Ms Laura Vicol at Lion's Gate Hospital, *Vancouver, CANADA!* Watch out for our next winner in the March newsletter!

Getting your first recruit

At the European Collaborators' Meeting in London three centres gave excellent presentations regarding recruitment strategies! We have decided to include some of these ideas here and in up-coming newsletters. We hope that they will be useful to all centres for recruitment! Ms Karen Canning at Coombe Women's Hospital in Dublin, shared the following tips for getting your first recruit:

- Inform all care providers that provide care to pregnant women about the trial
- Provide Inclusion/Exclusion criteria and timeframes to all care providers
- Use promotional materials e.g, place posters in all out-patient rooms and in the ultrasound department
- Introduce yourself to all the care providers and make yourself known
- Speak about trial at any available opportunity.

Quote of the Month

"The achievement of your goal is assured the moment you commit yourself to it."

- Douglas

EECV2 Out & About in December...

Our principal investigator Eileen Hutton presented the EECV2 study at two interested sites in Ontario this month - Windsor Regional Hospital in Windsor and St Joseph's Hospital in Hamilton.
