Race to the Finish

Thanks to your efforts we have had a great month! Dr Lone Hvidman, Ms Inger Marie Mogensen and Ms Anne Mouritzen from Aarhus University Hospital, Aarhus, DENMARK recruited the 1300th woman into the trial and there are now only 125 women to recruit to reach our goal of 1460!

Let's keep the momentum going! This is the final push for the trial so it's a great time to:

- Approach every eligible patient for recruitment
- Present the trial one last time to your colleagues to let them know we're very close to our recruitment goal but you need their increased efforts to race to the finish
- Have a small prize like a coffee or chocolate for each colleague that refers a woman for the trial
- Get excited we're close to answering the best timing of ECV!

Quote of the Month

It does not matter how slowly you go so long as you do not stop.

Recruitment (planned enrolment of 1460) as of January 31, 2008

Centres awaiting first nation: [COUNTRY: Hospital City(annual goal)] [month/s										

Centres awaiting first patient: [COUNTRY: Hospital, *City* (annual goal)] [month/year start-up package sent]

AUSTRALIA: West Gippsland Healthcare Group, *Warragul* (2) [03/05]; POLAND: Polish Mother's Memorial, *Lodz* (9) [03/05]; THE NETHERLANDS: TNO Prevention and Health, *Leiden* (4) [11/05]

Special Recognition to centres who have met their Annual Recruitment Goal recently:

- Ms Anne Margaret Malott and Ms Angela Reitsma, McMaster University Medical Centre, *Hamilton*, CANADA
- Dr Renato Natale and Ms Marleen Watson, St Joseph's Health Centre, *London*, CANADA
- Dr John R Neil and Ms Joanne Baumgartner, Box Hill Hospital, *Box Hill*, AUSTRALIA
- Dr Lone Hvidman, Jordemoder Inger Marie Mogensen and Ms Anne Mouritzen, Aarhus University Hospital, *Aarhus*, DENMARK
- Dr Frans Smits and Dr Florien ten Cate, Academisch Ziekenhuis Maastricht, *Maastricht*, THE NETHERLANDS

Don't be discouraged, you are not alone!

•

Many of our collaborators have shared with us the frustration of identifying an interested and eligible woman for the trial, only to find her baby has turned before she can be randomised to the trial! Please don't be discouraged by this. Focus on how great it is for the mother and baby and start looking for the next breech! Please note that if the baby turns after the woman has been randomised, please complete all

the forms as usual except the Procedure Form and Mother's ECV Questionnaire.

Recruitment Milestones

Congratulations again to Dr Lone Hvidman, Ms Inger Marie Mogensen and Ms Anne Mouritzen from Aarhus University Hospital, Aarhus, DENMARK for recruiting the 1300th woman

into the EECV2 Trial. We will be recognizing you with a special certificate. As you know we are now nearing our final two milestones – who will recruit our 1400th and 1460th woman? We will send a special certificate to acknowledge the centre that achieves this important objective!

Data Campaign!

The second interim analysis has been completed and sent to our Data Safety Monitoring Board for review, so thank you to all of you who completed the data for the first 900 women recruited. We now need you to focus on completing the data for the final analysis of the trial! The faster we receive this data, the faster we can analyze it after recruitment has finished and answer the question of best timing for ECV.

Each month we send you an "overdue data" notice, which is printed on bright pink paper. Please complete all items on that list and send them to us as soon as possible! If you have any questions or concerns about anything you see on this notice please contact us at eecv2@sw.ca or 1-416-351-3787. We look forward to receiving all your completed data forms!
