Dear Colleagues,

We have all watched the countdown to our final recruit with anticipation, and now, it is with great pleasure that I can report to you all that we have successfully completed the full recruitment to the Early EECV2 Trial. I want to thank each of our collaborators at all of our sites, and all of your local recruiting teams who have contributed time and attention, encouragement and enthusiasm over the past 3 ½ years of the recruitment phase of the study. Research studies are always challenging, but our excellent EECV2 team both at the coordinating centre and at each of your centres has made the project move smoothly and efficiently. Congratulations to all! We can now focus on assembling the final data set and the analysis.

Best Regards,

Eileen

To be a successful member of a team: do more than you have to do, more than you share and do it as well as you can.

Recruitment Recognition – June Quarterly Draw!

Your recruitment efforts have been imperative to the success and now completion of the EECV2 Trial. As you know, in order to recognise your work in recruiting for the trial we planned a quarterly draw for a small token of recognition. Every time your centre recruits a woman into the EECV2 Trial, your centre is entered into the draw.

For the last quarter of the trial we would like to congratulate Dr Mazen El-Zibdeh and Dr Lama AlFaris from Islamic Hospital, *Amman, JORDAN!*
