Email: eecv2@sw.ca

OVERALL TOTAL: 362

TOTAL FOR THIS MONTH: 44

We have developed this recruitment graph to give a visual sense of our progress. The goal line is based on the anticipated numbers used in the protocol with a target of completing enrolment by October 2007. So far we are doing really well!

At this point we have about *half* of the number of recruiting centres that we need. In addition to your direct participation, you can help keep our recruitment building if you know of other centres who might be interested in the EECV2 Trial. Please consider speaking to your colleagues in other institutions and sending contact details to us if they indicate an interest.

Quote of the Month

"Energy and persistence conquer all things."

~Benjamin Franklin

Recruitment

(planned enrolment of 1460)

as of March 31, 2006

Centres awaiting first patient: [COUNTRY: Hospital, City (annual goal)] [month/year start-up package sent]

AUSTRALIA: West Gippsland Healthcare Group, *Warragul* (2) [03/05]; **USA:** Maricopa, *Phoenix* (10) [04/05]; **POLAND:** Polish Mother's Memorial, *Lodz* (9) [03/05]; **BRAZIL:** University of Campinas, *Campinas* (8) [04/05]; **ARGENTINA:** Hospital Ramos Mejia, *Buenos Aires* (6) [05/05] **CANADA:** Ottawa Hospital – General Campus, *Ottawa* (10) [08/05], St Michael's Hospital, *Toronto* (7) [10/05], CRHA, *Calgary* (25) [10/05]; **THE NETHERLANDS:** TNO Prevention and Health, *Leiden* (4) [11/05]

Site Visits and Data Monitoring:

Site visits provide an opportunity for us to get to know our collaborators and centres better, and to establish a personal bond on which we can build. We have recently decided to add a data monitoring component to these visits to give us an even better understanding of how things are going locally. This data monitoring will also be useful in bringing us into line with some of the increasing regulatory requirements for clinical trials.

In keeping with Good Clinical Practice (GCP) guidelines, we will review local research files, patient consent forms, and documentation of ethics review. As well, we will plan to go over the data forms and medical records for both mothers and babies for selected cases.

We will be doing this for the first time when we are in Chile and Argentina in April and May.

Recruitment Excellence!

This month we are recognizing centres with their **first** recruit - Congratulations to:

- Dr Joaquim AR Cravo at Distrital de Faro, *Faro*, PORTUGAL
- Dr Tamás Major and Dr Robert Poka at the University of Debrecen, *Debrecen*, HUNGARY
- Dr Jonathan Morris, Ms Kate Levett and Ms Kristen Rickard at Royal North Shore Hospital, *St Leonards*, AUSTRALIA
- Dr Fred Kirss and Dr Pille Vaas at Tartu Women's Clinic, *Tartu*, ESTONIA

Centres in the Netherlands...

We will have an EECV2 poster at the Gynecongress in Nijmegen May 18 & 19 2006. Dr Frans Roumen and Dr Mijntje Pieters from the Atrium Medical Centre, *Heerlen* will be representing our EECV2 team.

Remember, we are still looking for new collaborating centres so please bring your colleagues from non-participating centres to talk to Dr Roumen and Dr Pieters & see our poster May 18 & 19!

¿Habla Español?

We now have the EECV2 Randomization Service available in Spanish! We hope that our Spanish speaking centres will find it useful.

Reminder for Australia and New Zealand....

Don't forget to visit Hala Phipps at the PSANZ meeting in Perth. The EECV2 poster will be presented on Thursday, April 6th! Look for poster number 8 in the Exhibition Hall.
