## MACS-5 Follow-up is in motion!

As more sites with children due for the 5 Year follow-up complete the required documents and start their follow-up assessments, MACS-5 is expanding to new cities and countries throughout the globe.

It is very exciting to receive data booklets of children that have been assessed for MACS-5. Thank you and keep them coming!!

**15 Follow-ups have been completed to date.**

For sites due in 2007, we encourage you to begin the process of submitting for ethics approval, completing the Clinical Study Agreement (CSA) and finalizing your local consent form.

**START  
MACS-5**

## MACS-5 Information Session at Pediatric Academic Society & Society for Pediatric Research (PAS-SPR) Annual Meeting

As you may be aware the PAS-SPR Annual meeting is being held this year in Toronto, Canada in May 2007. If you are already planning to attend this scientific meeting we invite you to join us at a MACS-5 Information Session that will allow collaborators to come together with the MACS-5 Team and discuss:

- Organizing MACS-5 responsibilities at your site
- Strategies for maintaining contact with families
- Completion of follow-up assessments
- Challenges and experiences

The MACS-5 Info Session will be held on:  
Date: May 5, 2007  
Place: Fairmont Royal York Hotel in Toronto  
(in the Newfoundland Room)  
Time: 2pm - 3pm
