140 Follow-ups completed!

Lets aim high for 2008!

The number of completed MACS-5 follow-ups continues to rise, keep up the great work team!

New MACS-5 Follow-up Table coming soon!

Now that MACS-5 Follow-up is picking up speed, we will be showcasing a new follow-up table in the next May Newsletter. The new format of the table will display more information about the follow-ups completed.

In the meantime, keep the data coming!

Please note that a follow-up table has not been included in this newsletter.

MACS-5 in South America

The MACS-5 team looks forward to visiting sites in Argentina in March and April 2008. On April 11, 2008, we are also holding a meeting with many of our South American Collaborators in Buenos Aires, Argentina. This meeting will focus on maintaining contact with families after the 18-24month follow-up is complete and working together to organize MACS-5 at each site locally.
