THE INTERIM ANALYSIS OF THE FIRST 800 PATIENTS...

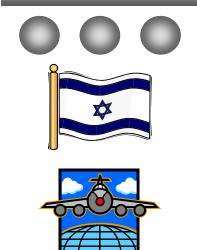

With the enrollment of the 800th patient in May we have now begun the countdown to the Interim Analysis. However, before we can proceed with the MACS Interim Analysis we need to receive all MACS data forms and responses to all queries. Please make every effort to return your completed data forms and data corrections as quickly as possible.

The RCT outline for MACS 5 has been approved! We will be submitting the full grant application in the Spring of 2005. We will be in touch with you soon with more details.
