**3 Month Postpartum
Questionnaires now
available in French
and Danish. Hebrew
version coming
soon.**

As other centres become active, we will work with you to produce the 3MPQ in the language you need.

A warm welcome to 6 more centres:

USA: Montefiore, Bronx

**CANADA: Royal Alexandra, Edmonton
CHUS (Fleurimont), Sherbrooke
Mount Sinai, Toronto**

**ISRAEL: Ma'ayne Hayeshua, Bnei Brak
Soroka Medical Center, Beer Sheva**

After a few "teething pains" with drug shipment, we now have 10 centres ready to recruit. We are all eagerly waiting to see where our first recruit will be.

Once recruitment begins, we will report it in the newsletter displaying the monthly numbers and totals by centre and by country. Just a bit of friendly competition to stimulate your efforts!

Arranging rounds to present or promote MACS?

Contact us if you would like Kellie Murphy to make a presentation.

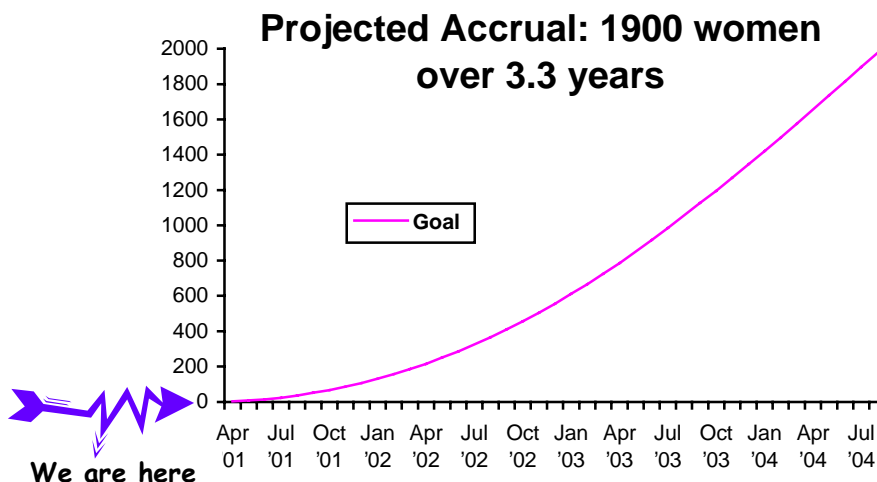

Want posters and brochures in your local language? Send us the translation and we'll be pleased to have them printed.
Send both an electronic and a paper copy, please.

We are always on the lookout for new places in which to provide information about MACS. If you know of a new venue in which a presentation might promote interest in the study, do let us know.

Ready, set, recruit...

Our challenge looks something like this:

Join us as we begin the journey...
