**CONGRATULATIONS** to everyone who recruited a patient into MACS this month!

Because we are committed to reaching our full sample size of 1900 women, we continue to need all of your help! If every centre recruits *1 patient per month* we will be able to finish recruitment by December 2005! Of course, more recruits from each centre will mean we can finish earlier!

It will take hard work from all of our centres to reach this goal but *together we can do it!!!!* 

## **Meetings**

# Germany

Kellie Murphy, Elizabeth Asztalos and Sarah Dyer held a MACS meeting in Nurnburg, Germany this month. Thank you to all of those who attended the meeting. A special thank you to Michael Krause and Neslisah Terzioglu for their help in organizing the meeting and for their warm welcome!

#### UK

We are planning on holding a UK collaborators' meeting at the Royal College of Physicians in London on February 25<sup>th</sup>, 2005. We look forward to seeing many of our UK collaborators there!

MACS mugs are on their way to the following centres, who have recruited 5 more women into the study:

Hospital Penna (Bahia Blanca, ARGENTINA)
Hospital Sarda (Buenos Aires, ARGENTINA)
Hospital J.R. Vidal (Corrientes, ARGENTINA)
Royal Alexandra (Edmonton, CANADA)
Hospital Clinico San Borja Arriaran (Santiago, CHILE)
St Hedwig Hospital (Regensburg, GERMANY)

A mug is also on its way to the following hospitals for reaching their annual goals:

Hospital Italiano (Buenos Aires, ARGENTINA)
St Hedwig Hospital (Regensburg, GERMANY)

**WELL DONE!!** 

### Reminder

The 18-24 month follow-up is a very important component of MACS. It is essential for each recruiting centre to maintain contact with the MACS participants to ensure that the follow-up of the babies at 18-24 months of age is completed. If a mother moves away from your centre, and you are having difficulty in arranging the follow-up, please let us know and we may be able to help.

# Interim Analysis

Thank you to all of the centres who have sent in the data booklets and responded to our queries. We are almost there. However, there are still 15 cases with outstanding data forms and 61 queries for which a response has not been received.

**Please** fax and courier the rest of the data booklets and responses to our queries right away! Thank you!!!
