DATA CAMPAIGN

Now that recruitment is over we are beginning a very exciting phase of the MACS trial; it is time to shift our focus to completing all of the data, cleaning the data, and beginning the primary analysis.

The primary analysis can not begin without you!!
Please send us your data and query replies as soon as possible.

Toronto

We need to have 100% complete and clean data.
(Remember: outstanding queries mean "dirty data"!!)

Thus far:

87% of data forms have been sent to the DCC
79% of the data is "clean" and ready for
analysis (queries have been returned to DCC)
