See the table on reverse for details about recruitment.

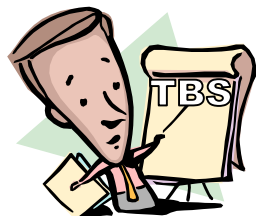

Congratulations to Dr. Arthur Zaltz and the team at Sunnybrook and Women's College Health Sciences Centre for being the first centre to recruit on December 15th 2003. With such a tremendous start, we look forward to continued success for TBS in the New Year. Please remember that you may contact the DCC at any time if you have questions or concerns about recruitment, ethics submissions or TBS in general.

A special thank you to Dr. Ricardo Gómez and his team at Sótero del Rio Hospital for taking the time to pre-test the TBS data forms for us. Your time and effort was greatly appreciated.

Collaborators' Meeting

Remember to mark your calendars for the first Twin Birth Study Collaborators' meeting to be held on May 5-7, 2004. Invitations to the meeting will be sent to you shortly.

Happy New Year from the Staff at the Data Coordinating Centre!
