Interim Analysis & Data Campaign

The interim analysis cannot be performed until complete and clean data is received at the Data Coordinating Centre. We require all data relating to the first 1000 recruits sent to us as soon as possible. Please courier all outstanding primary data and email query responses to us today!

OVERALL TOTAL: 1 175
TOTAL THIS MONTH: 23

Congratulations on your first recruit!

We congratulate Dr Janet I Andrews and the team at University of Iowa Hospitals and Clinics in Iowa, USA.

Recruitment Excellence

Congratulations to Dr Raul Abalos Gorostiaga and the team at Hospital Ramon Carrillo in *Santiago del Estero*, Argentina; Dr Kassam Mahomed and the team at Ipswich Hospital in *Ipswich*, Australia; and Dr Donnette Simms-Stewart and the team at University Hospital of the West Indies in *Kingston*, Jamaica. We will be sending a gold seal to place on your Certificate of Achievement. Congratulations on reaching your TBS annual recruitment goal. Keep up the good work!

Recruitment Email

Starting in October we plan to send you weekly recruitment updates via email. We will recognize your recruitment success and provide the total TBS recruits. We hope to see your centre's name soon!

Reminder: 2 Year Follow-up

To ensure successful completion of both the *Ages & Stages Questionnaire* and the *2 Year Maternal Follow-up Questionnaire*, remember:

- Maintaining regular contact with patients enrolled is essential
- The ASQ needs to be completed between 23-25 months corrected age. The correct date window can be found on the follow-up notices sent to you
- Insert the correct date window on the front of the ASQ and let the mothers know the importance of completing the questionnaires on time
- Score the questionnaires as soon as they are returned to you and arrange a Clinical Neurodevelopmental Assessment if the score on any page is below the cutoff, or if the ASQ was not completed during the proper date window
