Heidi Gottfried has published several books and articles on gender and work transformation. Her recent book is entitled Gender, Work and Economy: Unpacking the Global Economy. She has edited or co-edited books on Gendering The Knowledge Economy: Comparative Perspectives; Remapping The Humanities: Identity, Community, Memory, (Post)Modernity; Equity in the Workplace: Gendering Workplace Policy Analysis; and Feminism and Social Change: Bridging Theory and Practice. Her publications include “Temp(t)ing Bodies: Shaping Gender at Work in Japan” and “Japan: The Reproductive Bargain and the Making of Precarious Employment.” The Reproductive Bargain: Deciphering the Enigma of Japanese Capitalism will be published by Brill in the spring.
